The SPLASH bottle by SUPREME is one of the BEST PRODUCTS available on the market, combining modern design, exceptional durability and excellent thermal insulation properties!

- Modern design, aesthetic appearance, high quality workmanship.
- Lid with handle and cover for more convenient carrying.
- Excellent thermal insulation, keeps liquids cold for up to 24 hours and hot for up to 12 hours.
- Made of stainless steel and protected on the outside with a corrosion-resistant powder coating.
- Electro-polished interior leaves no aftertaste or discoloration.
- Compact size, large 600 ml capacity and lightweight design.
- Available in white or black.
- High-quality, unbreakable, environmentally friendly bottle.

SPLASH is a modern and stylish bottle from SUPREME, created for people leading an active lifestyle, which combines functionality and durability. Its well-thought-out design, with a lid equipped with a practical handle, as well as a cover that makes it easy to grab and carry, makes it ideal for every situation, from training to everyday challenges.

The advanced design provides excellent thermal insulation properties. The SPLASH bottle keeps liquids cold for up to 24 hours and warm for up to 12 hours. The vacuum space effectively insulates the temperature, making SPLASH an ideal choice for both hot drinks and cool, refreshing liquids.

The SPLASH bottle is made of durable stainless steel, which, combined with an electro-polished interior, eliminates the metallic aftertaste and guarantees no discoloration. Its non-slip bottom increases stability during use, and the powder coating, resistant to water and damage, ensures the longevity of the product. Thanks to the use of a ceramic coating, the bottle is resistant to corrosion, which makes it even more reliable.

It is available in two colors, white and black. SPLASH is distinguished by its minimalist look that fits into any style. The bottle with a capacity of 600 ml and dimensions of 224 x 77 mm is small, compact and comfortable to carry. Each piece is offered in an elegant box measuring 275 x 100 mm, which emphasizes the unique character of SUPREME brand products.

SPLASH is not just a bottle – it is a reliable companion for everyday activity, combining durability and style in one product.

*made of BPA-free materials. (The product does not contain harmful chemicals Bisphenol A, used in the production of plastics).
