Getting the Fingerprints

You will need a pencil, tape, and a piece of paper to help you collect your prints from living loved ones to create combined fingerprint keepsakes.

Create a pencil smudge. **Generously rub** the finger over it down to the **1st knuckle** until the finger pad is completely covered.

Place a piece of clear tape over the smudge on your finger. Press, peel, and stick the tape onto the piece of paper.

Take a clear and in focus picture with your phone's camera. Make sure you can zoom in on the picture and see the print pattern.

Upload

Upload the prints using the link provided after your purchase. Your necklace will be delivered within 3-4 weeks.
