

# BAR BLADE BOTTLE OPENER - VINYL COATED

FRONT

BACK

## PRINT

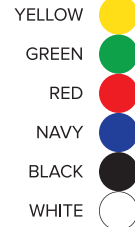

- The print is CMKY digital. You can use as many colours as you like! Because the print is CMYK digital we can even print gradients and photos!
- Keep your design within the **MAGENTA** lines. To preview your design simply **HIDE** the **PRINTABLE AREA** layer (Second layer from the top)
- For designs on **NON-WHITE** backgrounds please make all **WHITE** print 1% yellow (C=0, M=0, Y=1, K=0)

## DESIGN

- Please only do your design in the **DESIGN** layer. Please don't touch the other layers. Once you've finished your design save it as a **.ai** file.

## BAR BLADE COLOUR OPTIONS

- To change the colour of the vinyl coating click on the Bar Blade background above and use the **EYEDROPPER** tool to select a colour to the right. These are our stocked colours. Custom colours available on request (min order quantity 2000 units for custom vinyl colours) .
