

BRAKE FLUID DOT-4 328°C

Racing brake fluid

Racing brake fluid for all braking systems (disc or drum) of high performance vehicles where a higher performance product is required.

Synthetic fluid for disc or drum brake systems and clutch controls where manufacturers require the standards indicated below. Particularly recommended due to its high boiling point, for passenger cars, motorcycles, trucks, buses, public works machinery, etc.

PROPERTIES

- ❖ Very high performance fluid.
- ❖ Absolute operational safety: immediate response in heavy use.
- ❖ Miscible with fluids meeting the same standards.
