TECHNICAL DATA SHEET

GLOBAL GEL

HAND CLEANER GEL

Description and Applications:

GLOBAL GEL is a gel formulated with lanolin and a perfectly balanced concentration of anionic and nonionic tensoactive agents to achieve extraordinary cleaning-degreasant action and to effectively eliminate dirt, without causing skin irritation or dryness.

For cleaning very dirty hands. Suitable for all industrial branches.

Properties:

- Great cleaning power.
- It contains neither abrasives nor caustic products.
- Pleasant aroma.
- Enriched with amides.
- Very economical.
- Regenerates skin that has become cracked from using abrasive products.
- Prevents dermatosis.

Instructions for use

For correct use, put a small amount of GLOBAL GEL in your dry hands, then rub until dirt is completely dissolved. Afterwards, rinse slowly.

REV. 02/17

Advising with respect to the preparation and use of plannings for the control and upkeep of industrial plants and equipment, COMPANIA GENERAL DE LUBRICANTES S.A. may not be held liable for the legal actions that may arise from inadequate use of the product or products referenced herein, and in our judgement the information contained the DESCRIPTIONS and APPLICATIONS is correct.
