

# **GRO HYDRAULIC HV 46** Micro-filtered hydraulic lubricant

### DESCRIPTION

Refined and micro-filtered hydraulic lubricant to be used in systems subject to large temperature changes, and where anti-wear, oxidation stability and good corrosion resistance are required.

## PERFORMANCE

STANDARDS:

DIN 51524 part 3 (HVLP) Denison HF-0 / HF-1 / HF-2 Vickers M-2950-S / I-286-S USS 127-136 Cincinnati machine P-70

Some of its applications are:

- Public works and forest machinery.
- Forklift trucks working indoors and out.
- Numerical control machine tools, etc.
- High viscosity index
- Micro-filtered to 5 microns (class NAS 8/9)
- Excellent performance in pumping systems at all speeds
- Compatible with all kinds of steels and bronzes
- It does not attack seals
- It protects against corrosion
- High desemulsivity index.
- Rapid water separation.
