The Heartway PF6KS+ mobility scooter combines the convenience of a medium-sized scooter with the exceptional qualities of a larger one. Experience sleek, modern design and uncompromised comfort with Heartway's signature touch. Equipped with 300mm wheels, this scooter offers increased ground clearance for effortless navigation over curbs and uneven surfaces. Enjoy a smooth ride with rear suspension and an ergonomic contoured captain seat. Its slim design enables easy manoeuvrability through doorways and ramps, while the powerful motor ensures effortless navigation on inclines. With a battery providing up to 38kms of travel time, you can venture confidently and comfortably.
