What We Offer

Custom made furniture is becoming increasingly popular in the world of commercial design due to its ability to fully express a client's unique personality, aesthetics and logistic needs.

If you are looking for commercial furniture for your next project, that perfectly fits your design, in your preferred fabric, we are now offering a custom service exclusive to our trade partners.

With our new trade programme, we are offering our furniture pieces to be made to order in custom fabrics, and the end result can be truly breathtaking. Unlike off-the-shelf options, custom made furniture in custom fabrics can be tailored to suit specific commercial projects such as hotels, foyers, and restaurants. This allows designers to create a cohesive look throughout a space and leave a lasting impression on patrons.

Additionally, custom fabrics can be chosen for their durability and ability to withstand the heavy traffic and wear and tear common in commercial spaces.

Fabrics can be chosen from a wide range of options including natural and synthetic materials, patterns, colors and textures. We can work with your colour scheme and brief.

Leadtimes for custom furniture is 16 - 24 weeks, depending on the complexity and availability of fabric.

Our aim is to provide quality custom made furniture in custom fabrics, which enhances functionality, aesthetics and comfort of a commercial space, making it a worthwhile investment.

CONTOUR

Contour brings a sense of sophisticated mid century luxury into your living space. Drawing on contour lines and upholstered in unique textural fabrics, this collection makes the perfect statement piece.

BENSON ARM CHAIR

R A P T U R E

A range inspired by vintage rock and last century glam. The forms are generous in proportions and dramatic in design. They have curves in all the right places, blending the modern chubby trend with early elements of bold art deco club furniture.
