Natural Grass Pigment**

• Lasts up to 3 Months

• Easy to Apply

• Non Toxic

Australia's largest network of turf specialists

**Covers up to
200m²**

100 ml

DIRECTIONS

- Shake ColourGuard PLUS bottle well
- Remove all objects or debris from your lawn
- Advise people and prevent pets from walking on the lawn during and immediately after application
- Measure and calculate the area (m²) you wish to apply ColourGuard PLUS to determine the mixture (Refer to the Application-Rate Table)
- Fill your tank with 85% of the water volume needed for your application
- Add the recommended rate of ColourGuard PLUS to your tank of water. Pour the remaining 15% of water into your tank
- It is advisable to conduct a small patch test prior to spraying. Apply ColourGuard PLUS in an even sweeping motion while walking away from the applied area
- Once spraying is complete, flush your tank and nozzle with clean water
- Water lawn well 2 to 3 days after application to rinse off any excess ColourGuard PLUS
- Allow adequate time for lawn to dry before allowing pets or people to walk on your lawn.

SAFETY Keep out of reach of children. If ingested or eye/skin contact occur, dilute with water and consult a doctor.

APPLICATION-RATE TABLE

Knapsack Sprayer		
Application Rate	Water Volume	Area
25ml	3.5Lt	50m ²
50ml	7Lt	100m ²

PRECAUTIONS Do not re-use container. Dispose of ColourGuard PLUS bottle in accordance with local, state and federal regulations. There are no warranties which extend beyond the description of this label hereof.

CLEANING If you accidentally spray the footpath, driveway and/or other hard surfaces, immediately hose the ColourGuard PLUS with clean water towards the lawn. Use a general purpose window or floor cleaner to remove any stubborn stains.
