Lawn Kelper Liquid Nutrient Package

Lawn Kelper Liquid Nutrient Package is a balanced formulation with the added additions of Trace Elements, Seaweed Kelp and Fulvic Acid. This formulation is designed specifically for turf/lawns to increase turf vigour and stimulate and strengthen roots and shoots. Ideal to use year round to keep your lawn looking dark green and healthy.

BENEFITS FOR YOUR LAWN

- Apply to your lawn to supply a nutrient package to increase lawn health and leaf growth.
- Organic kelp will stimulate roots and shoot growth.
- Improves turf vigour and strength.
- Strengthens turf resilience against disease and pest activity.

DIRECTIONS FOR USE

- Best applied morning or afternoon.
- Apply higher rates if you require quicker uptake and response.
- Can be applied monthly all year.
- Lightly water-in after application.

This product is safe to use in a domestic situation, around humans and domestic animals.
