# Left Turn Block

SOLD INDIVIDUALLY

## Why do I need a Left Turn Block?

Looking to make a 90 degree left turn in your edging project? This is the block you need. Most commonly used to make squares and rectangles.

**STRONG**

The process of RotoMolding ensures a long-lasting product; very heavy-duty.

Our products maintain their integrity all year while handling the toughest yard & garden activities [weed eaters, lawn mowers and more].

**LIGHT WEIGHT**

RotoMolding products are hollow. Our products are light weight. Each 6-block section is only 6 pounds - light enough for anyone to carry and install.

**WARRANTY**

Beuta products are strong, bendable, and gives you a **look'n feel** of natural stone. Add rust, fade, and corrosion-resistant! The product will maintain a long lifespan. Beuta Blocks are backed by a 10-year warranty.

**90 DEGREES**
