Ideal for use in an educational environment or for entertainment

Counting

More or less- Are there more or less fish then mice?

More Less

Dividing

Share these balls into groups of 2, what is the missing number?

$$6 \div 2 = \square$$

6 3 2

Curriculum

Maths and phonics Year 1 and year 2 activities have been created for you. A range of questions covering various key stage 1 and 2 activities ready to interact with

In the cloud editor you can select the range of numbers to use in the maths activities as well as the number of questions in each set

Numbers To Words

What number matches the word

Fourteen

14 30 10 17

This screenshot shows a digital interface for a 'Numbers To Words' activity. At the top, there is a title 'Numbers To Words' and a small calculator icon. Below the title, a question asks 'What number matches the word'. The word 'Fourteen' is displayed in a large, colorful font within a light blue box. At the bottom, four circular buttons contain the numbers 14, 30, 10, and 17, each with a different color (blue, green, pink, and yellow respectively).

Spelling

Say what you see and then press the two letters that make the sound it begins with.

Sh Ch Th

This screenshot shows a digital interface for a 'Spelling' activity. The title 'Spelling' is at the top. Below it, a text box instructs the user: 'Say what you see and then press the two letters that make the sound it begins with.' In the center, there is a colorful illustration of a white and red ship on blue waves. At the bottom, three circular buttons contain the letter pairs 'Sh', 'Ch', and 'Th', each on a wooden-textured background.

Scatter

Encourage movement with the scatter theme

Pick the item you want to scatter with the theme packs available

Scatter the objects to see the image underneath. Use a brush to scatter the leaves across the surface

Particles

Encourage movement with the Particles theme

Pick the item you want the particle to be from the theme packs available

As you interact with the image the selected particle will appear on the screen and either fizzle, fade or explode dependant on what mode you chose when creating the activity

Fish/Water Ripple

Create a calming experience and improve mood with the water ripple

Stand or touch the pond and the fish will swim towards you or away from you and the water will ripple around your touch.

Water ripple can be with or without the fish

Hotspots

Create more educational content with the hotspot theme. Create a hotspot within an image or video and when the user touches that area another action is triggered.

Stand on the planets and the system will pop up with a text box and the name of that planet, the system will also read the text aloud.

Splat

Encourage movement with the splat theme

Pick the item you want to splat with the theme packs available

Choose the image or video in the background and music to play while you happily splat away

Ball games

Choose from Football, Basketball, Air Hockey and tennis

The ball game activity provides entertainment and encourages movement and social interaction

Bubbles

What's more relaxing than popping bubbles?

The bubble pop theme creates a bubble pop interaction over a customer image

Image Painter/Demister

The image painter activity is great for providing sensory responses and Interaction

Colour in the black and white image with a hand a foot or even a paint brush. This activity can also be used to wipe away one image to reveal another, this can be used for reminiscence and Nostalgia start with an image from days gone by and reveal the here and now, or an educational tool what would you see under the water?

Boing

Hit the objects around the projection area

Choose the object from the theme pack, encourages movement, co-ordination and stretching.

Sensory cause and effect

Pieces- Flip/Fade/Reveal

Reveal one image under another

Choose which effect will happen when the interactive pieces move from flip, fade or reveal . Can be used for cause and effect or education, for example wipe over the image of the fire engine to reveal the fire fighter
