Star TSP143IIIBI Bluetooth Receipt Printer

With built-in Bluetooth connectivity the TSP100IIIBI is an ideal wireless Bluetooth receipt printer for retail, hospitality and tablet POS environments. It also features an AUTOCONNECT function for iOS devices (Apple iPad/iPhone) which will automatically connect the TSP100 printer when the printer is switched on or when the printer comes back into range of the device.

The TSP100IIIBI Bluetooth printer features a high print speed of 250 mm / second, a high-quality guillotine auto-cutter (with a cutter life 2 million cuts) and thin paper capability, benefitting not only the environment but also the user's operating costs. The TSP100 Series includes ALL the set-up accessories you need including an internal power supply along with a vertical mount kit in the box..
