

RED RIPTIDE

PAPER SHEETS AND DISCS

Designed for the operator who requires quick responsive action. Red Riptide paper features premium ultra-sharp aluminum oxide grains built for high performance, longevity, and rapid rates of cut.

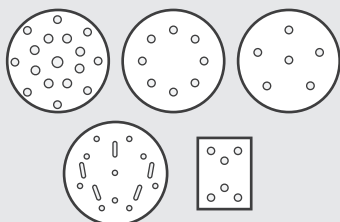

SUBSTRATES TO PREP SAND

- *Hardwood and softwood*
- *Primers*
- *Fillers*
- *Topcoats*
- *MDF & HDF*

AVAILABLE SIZES:

6" DISCS, 5" DISCS,
3" X 4" SHEETS

HOLE PATTERNS AVAILABLE:

Open coat design

Stearated to resist transfer of materials

C wt. paper backing

Grit range
P60-P400

RATE OF CUT:

BLIZZARD FILM
RIPTIDE PAPER
SHREDDER SCREEN
LIGHTNING PAPER
SANDSTORM PAPER

WHITE LIGHTNING PAPER SHEETS AND DISCS

Engineered for the operator seeking a quick, rapid rate material removal. Featuring blended ceramic/aluminum oxide grains built for high performance, self-sharpening, and consistent finish.

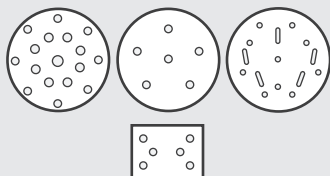

SUBSTRATES TO PREP SAND

- Hardwood and softwood
- Primers
- Fillers
- Topcoats
- MDF & HDF
- Great for stripping material

AVAILABLE SIZES:

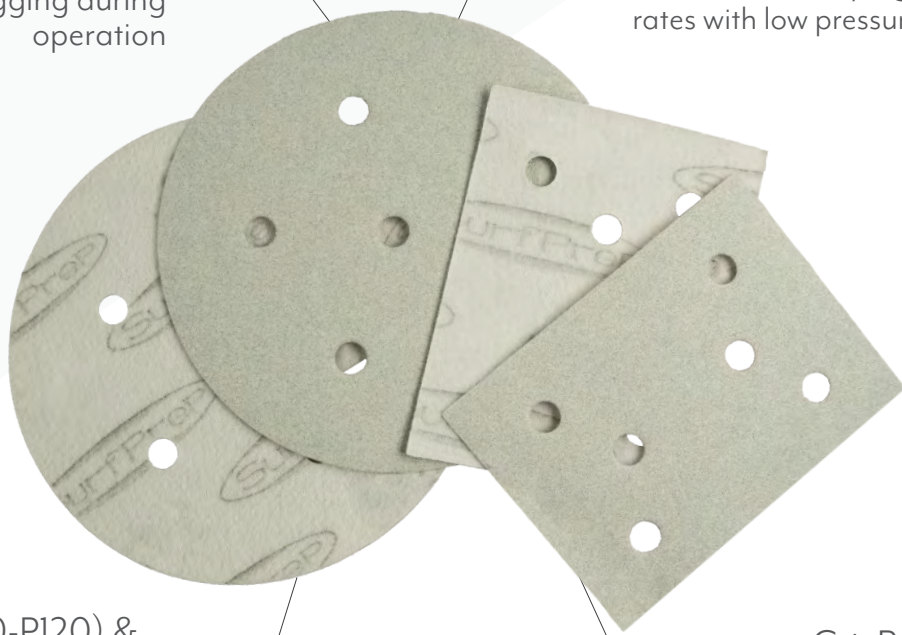

6" DISCS, 5" DISCS,
3" X 4" SHEETS

HOLE PATTERNS AVAILABLE:

Open coated for less
clogging during
operation

Stays sharper longer!
Achieve extremely high cut
rates with low pressure.

D wt. (P40-P120) &
C wt. (150-P400)
paper backing

Grit Range
P60-P400

BLIZZARD

FILM SHEETS AND DISCS

Created for applications where the operator desires superior edge wear life from disc or sheet. Featuring a proprietary blended aluminum oxide grains built for high performance and a consistent surface finish.

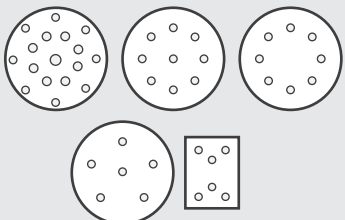

SUBSTRATES TO PREP SAND

- Hardwood and softwood
- Primers
- Fillers
- Topcoats
- MDF & HDF

AVAILABLE SIZES:

6" DISCS, 5" DISCS,
3" X 4" SHEETS,
3" X 7" SHEETS

HOLE PATTERNS AVAILABLE:

Resin-bonded with
anti-clog white
sacrificial stearate

Durable polyester
film backing that
withstands extreme
pressure.

Grit range
P80-P400

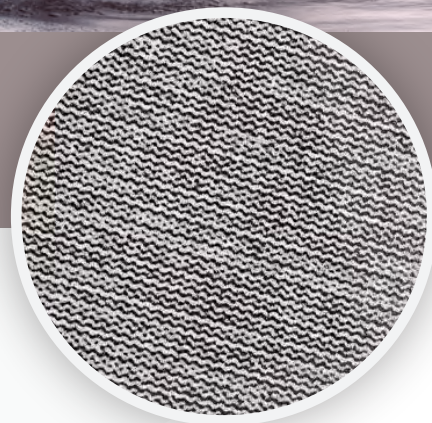

SHREDDER

SCREEN SHEETS AND DISCS

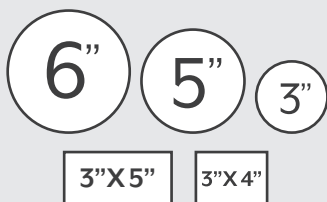

Engineered screen to withstand heavy stripping between coat sanding. Aluminum Oxide screen allows the operator to prep sand faster and with longer durability.

SUBSTRATES TO PREP SAND

- *Hardwood and softwood*
- *Primers*
- *Fillers*
- *Topcoats*
- *MDF & HDF*

AVAILABLE SIZES:

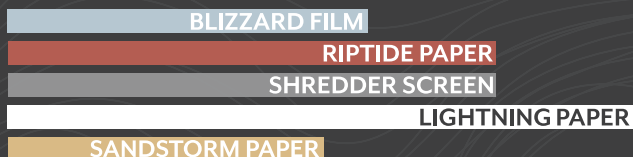

Resin-bonded, heavy duty polyester backing that resists tearing.

Woven design allows for full dust extraction.

Grit range P80-P400

LONGEVITY:

YELLOW SANDSTORM PAPER SHEETS AND DISCS

Designed for high-speed sanding and rapid material removal. Featuring Aluminum oxide grains built for high performance and scratch finishing.

SUBSTRATES TO PREP SAND

- *Hardwood and softwood*
- *Primers*
- *Fillers*
- *Topcoats*
- *MDF & HDF*

AVAILABLE SIZES:

6" DISCS, 5" DISCS,
3" X 4" SHEETS

HOLE PATTERNS AVAILABLE:

Open coated for less
clogging during
operation
