## BRIDAL LOOKS

# Bronze and Glow

## Bronzed

This makeup focuses on creating a hydrated, bronzed look. You are wearing makeup, you're looking enhanced, but it's not the heaviest ever.

For all these looks we performed a luxury skin prep application and used a mixture of cream sculpting and powder makeup.

## BRIDAL LOOKS

# Natural and Light

*Yourself,  
just better*

This is for our brides who just want to feel enhanced. You might not wear makeup regularly, and you might love how your skin looks with just a dot of glow.

We always perform a luxury skin prep application and use a mixture of cream and airbrush makeup to suit our natural brides.

## BRIDAL LOOKS

# Glamorous and Flawless

## The Snatched Look

These women are all stunning without makeup, but as makeup lovers and regular makeup wearers, they wanted to pull out all the stops.

This step is similar to my special occasion Makeup, "The Snatch" Luxury skin prep application is the perfect base for the full coverage makeup that follows.

# Client Testimonials

*Mikayla O said...*

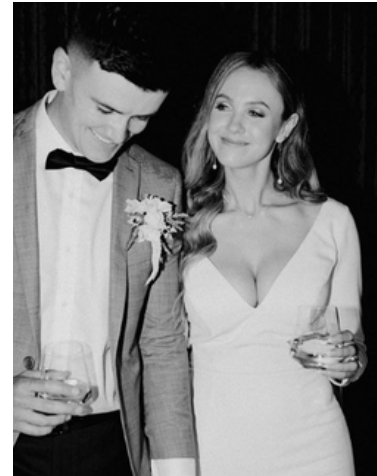

Gabby did mine and my bridesmaids wedding make up. She was incredible and such a calming, reassuring presence during the morning. The wedding ceremony was outside during torrential rain and our make up remained perfect the entire day and night despite all of us getting very wet. Our make up was flawless and she made me look better than I ever could have imagined. I cannot recommend her enough for any important event.

*Tayla said...*

Where to begin! Gabby was incredible from beginning to end and I was incredibly lucky to have secured her services for my wedding day! Gabby had excellent communication from the get go and went above and beyond to make sure everything went smoothly for my big day, from the make-up trial, the wedding preparation and of course the big day! She travelled all the way from Hamilton to Kumeu (min 2hr drive!) and we had so many obstacles thrown at us with the weather and timing changes and she adapted to make sure I never had to worry about a thing.

Thank you so much for everything Gabby, there aren't enough stars on here to reflect your work! You made my bridal make-up dreams a reality!

## WHAT TO BRING TO YOUR *Makeup & Hair Trial*

So that we may get the best use of our time together, here is what you'll need to bring for your hair and makeup trial.

### MAKEUP

- 3-4 photos of makeup inspiration. For best results, choose photos with your skin tone and hair color.
- Photos of your wedding dress, and hair inspiration. Also, flowers, bridesmaid dresses.
- Lip color, lip pencil, or lip gloss you love. Or you can receive recommendations at the trial.
- Reference photos of your wedding colour palette

### TRIAL QUESTIONS

- When should I book this?  
It's great to book this in the same season as your wedding, so the weather is similar to on the day! Besides circumstantial exceptions, it is recommended to book no sooner than 6 months out, and 4 weeks before.
- Can I have lashes or a lash lift?  
Ultimately it is your prerogative, however please trial this beforehand! Should you wish to have lash extensions on top of your lash lift, it is a little bit difficult, however we have our sneaky ways of making it work. Absolutely! If you have events either side of the wedding and would like to be lashed up with semi-permanent extensions, go for it. This is also a great option for anyone with sensitivities to lash glue. If you are dense lash band, or if any have fallen out before the wedding, we will apply individual lashes on top, on the day.
- I have sensitive skin, can you work with my sensitivities?  
This is not an issue. If you require me to use special products, please bring them with you.
- Should I come with anything?  
Yes, wear a white top, and come with pictures if you can!

## WHAT TO PREPARE

### *On the Day*

Relax and be the bride. We bring everything you need to enjoy a luxury service at your home or hotel. Here are a few things your attendants need for the day to run smoothly:

## DAY OF CONSIDERATIONS

- Artists work with several tools, and tools near the eyes. We ask that all artists and stylists have a workspace free of traffic flow to avoid accidents.
- Your Artist will find a tabletop surface to work from, near natural lighting. Please don't be offended if we rearrange the furniture, we just want you to look your best!
- Artists will work from a tall chair such as a bar stool. Your artist will bring one with them should the accomodation not have any.
- Skincare. Please wash and lightly exfoliate your face the night before. On the morning, please wash your face with only water (unless otherwise directed by a skincare professional) and apply a generous layer of moisturiser. Your artist will remove this and start fresh when they begin your makeup, sometimes this can be 5 or 6 hours after you wake up!

## YOUR WEDDING MAKEUP & BEAUTY

### FAQ'S

Relax and let us take the lead. Here are a few questions that might have been popping up in your head:

Can I have lash extensions for my wedding?

Absolutely! If you have events either side of the wedding and would like to be lashed up with semi-permanent extensions, go for it. This is also a great option for anyone with sensitivities to lash glue. If you are dense lash band, or if any have fallen out before the wedding, we will apply individual lashes on top, on the day.

Can I have a lash lift?

Ultimately it is your prerogative, however please trial this beforehand! Should you wish to have lash extensions on top of your lash lift, it is a little bit difficult, however we have our sneaky ways of making it work.

Should I get them to spray tan my face?

Follow your spray tanners instructions, which usually includes a light mist over the face. Often this does fade quickly, due to how often we wash our face but don't be alarmed as your artist can correct this.

Does hair or makeup go first?

This is fluid, and may depend on your artist, the hairstylist, or the weather. However if you are asking a makeup artist their preference, it is always to go last.

How long should I allow for makeup?

Plan for 45-60 minutes per person, though we will provide a detailed schedule.

Do you teach makeup?

Yes! Gabrielle Houghton Makeup teaches makeup in a variety of different capacities, whether it is a personal lesson, a group lesson for your hens, or teaching you how to do your own wedding make-up.

Are you able to work with sensitive skin, acne and rosacea?

I am experienced at working with a variety of skin conditions and a range of sensitivities. My make-up kit is equipped with a variety of different products including mineral makeup

Do you offer discounts for a large party?

Group discounts are not available for larger parties however we do offer an all day rate - ideal for large parties

Are you able to cover tattoos?

Yes. Quickly 'taking the edge off' a tattoo is no additional service and is included as light body makeup. For a large tattoo, this will require a phone consult and may require a trial.

Are you able to do makeup on a range of skin tones?

My kit carries product for a wide range of complexions and skin tones. I pride myself on being able to cater to all skin tones and have invested in receiving education from artists of colour.

## YOUR WEDDING MAKEUP

### Skincare Prep

I understand that you want to look your best on your special day, and one of the most important aspects of that is having healthy, radiant skin.

To help prepare your skin for your wedding day, I recommend the following:

1. Start a skincare routine: At least a few months before your wedding day, establish a consistent skincare routine that includes cleansing, moisturising, and protecting your skin from sun damage. An eye cream helps wonders for preparing the under eye area for makeup. Please note these products do not need to be top of the line and I have seen great success in both clients and myself with brands such as The Ordinary and Cetaphil. If you have any specific concerns such as acne, dryness or wrinkles, consider consulting a skincare specialist for personalised recommendations.
2. Hydrate: Drinking plenty of water is essential for keeping your skin hydrated and healthy. Aiming for 2 litres of water per day is tremendous, but even 1 litre will assist with radiance!
3. Exfoliate: Fortnightly, gentle exfoliating of your skin will help to remove dead skin cells and reveal a brighter complexion. Just be careful not to overdo it, especially close to the wedding as this could cause irritation or inflammation.
4. Avoid excessive sun exposure: Protect your skin from sun damage by using sunscreen with SPF 50 and avoiding prolonged sun exposure, especially during peak hours. Watch out for sun tan lines on the back and shoulders if you have them exposed in your dress.
5. Consider professional treatments: If you want to give your skin a boost, consider professional treatments such as facials or, my favourite, LED treatments. Be sure to schedule these treatments well in advance so that any skin cell turnover or peeling can subside before your wedding day.
6. Healthy fats. It's time to eat all the good fats! A favourite supplement of mine for skin is a good internal Omega oil, such is [this oil by Bestow](#) that can be added to foods and smoothies.
7. Remember that taking care of your skin takes time, so it is important to start early and be consistent with your routine. Feel free to contact me if you have any other questions. I hope these tips are helpful and I look forward to helping you achieve your perfect wedding day look.
