HOW TO USE YOUR TEMPLATE

With A Printer

1. Print out the templates on A4 paper at 100% size

2. Lightly tack the paper (glue stick is ideal) onto some scrap card eg. a cereal box

3. Cut the parts out

4. Remove the paper template from the card

5. Watch the assembly video

No Printer? Use a Tablet Or Screen

1. Place a ruler on the screen and zoom to make the background grid squares 1 cm size

2. Place a thin sheet of paper on the screen

3. Trace out the shapes

4. Lightly tack the paper (glue stick is ideal) onto some scrap card eg. a cereal box

5. Cut the parts out

6. Remove the paper template from the card
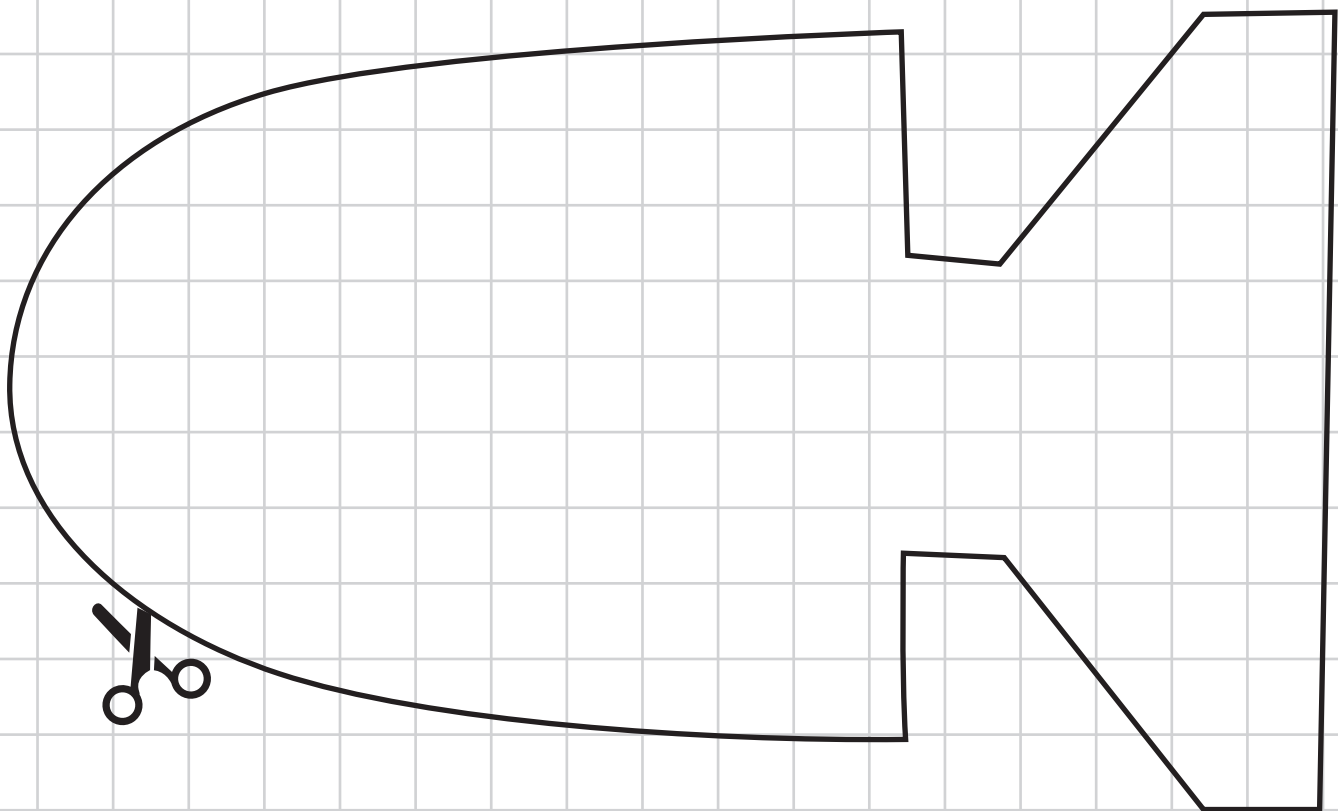

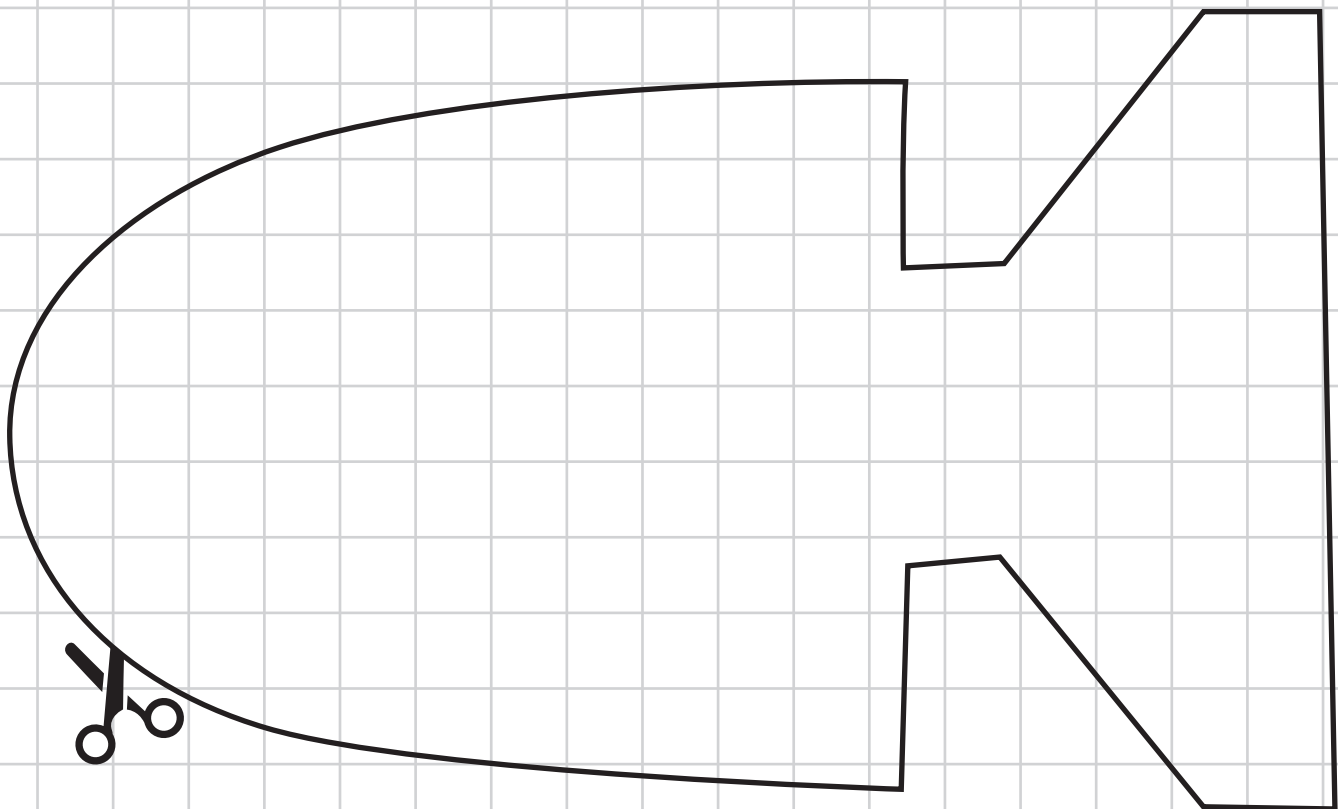

7. Watch the assembly video

Grid

Or...

1. Why not try drawing the shapes yourself, no need to be super accurate :)

2. Watch the assembly video
