

JRINK™

Specialty Juicer, Falls Church **Full Time or Part Time available**

JRINK is the fresh-pressed solution for life-pressed people and we are expanding fast! We are looking for great people to join our production team. We were founded on the belief that busy people should not have to compromise health and our production team plays a big role in ensuring that our customers get the freshest, most delicious product every time! Specialty Juicers play a major part in the process of cold-pressing our juices and milks.

Responsibilities:

Station A - Blending

- Making nut milks and other blended recipes including but not limited to 2.5oz shots and waters.
- Bottling finished juices from the station and preparing for packaging
- Cleaning individual station and equipment
- Packing store orders for delivery
- Assist Juicers and Labelers as needed

Station B - Pressing

- X1 Operator-use the grinder and hydraulic press to shred and extract juice from the various fruits and veggie
- Mix all Jrink recipes
- Pack Customer Orders for Delivery
- Clean individual station and equipment
- Assist Blending station and/or Juicers and Labelers and as needed

Specialty Juicers will be placed into 1 of the 2 main stations above on any shift.

Responsibilities subject to change.
