2 hanks, shown in color Gatsby

sett

10 epi x 9 ppi

equipment

12" or wider rigid heddle loom

10 dent heddle

stick shuttle

notions

waste yarn

directions

Warping

Set your warping peg approximately 100" from the back of your loom and direct warp using Brooklyn Tweed Peerie

The completed warp will be approximately 114 ends / 57 loops wide.

Note: it's not important that this is exact for this scarf, just be sure your total warp ends is divisible by 4.

Weaving

Weave 1- 2" of waste yarn before continueing in plain weave.

Continue in plain weave using the Gedifra Creativo yarn* until you have used all of 2 balls, or until your warp is completely woven.

End by weaving 1-2" of waste yarn before cutting off the loom.

**when winding the Gedifra Creativo onto your stick shuttles, you can wind all of one ball onto a single shuttle, or wind half onto one shuttle and then half onto a second shuttle.*

If you wind onto 2 shuttles, begin weaving with the second wound shuttle first. This will preserve the color patterns in the yarn as you weave.

Finishing

Tie off the warp in knot bundles of 4 ends each as you remove your waste yarn.

Handwash the finished weaving, blot with a towel to damp and dry in the dryer on low. Press with an iron trim fringes even.
