

Due to continued growth we are now looking for great engineers in the midlands to support our commercial and education customer base. You will be responsible for carrying out all your duties in accordance with industry standards and delivering on our core values to ensure we maintain our great customer relationships and our solid local reputation. The successful applicant will join our fantastic service team and will undertake the routine and corrective maintenance of Intruder Alarms, CCTV, Access Control and Fire Alarm systems, whilst also being part of the emergency call out rota. This is a great opportunity to join a small, personal, flexible, loyal and growing company where you will be appreciated and rewarded accordingly.
