What items can you embroider?

We can embroider most textiles. Please contact us with specific requests.

What is your turn around time?

Usually two weeks from when you approve the mockup of your order.

Can I have the digital file of my design or logo?

Yes, you can contact us any time to request your artwork file.

What is the digitizing fee?

In order to embroider your design, we have to convert it into an embroidery file that tells the machine where to place each stitch. This is a one-time fee, it will not be applied to re-orders.
