# OUR STORY

Harry's Country Kitchen was founded in the heart of the Cotswolds in 2022. Harry's mission is to create high-quality, frozen meals, inspired by the British countryside. We pride ourselves on sourcing great ingredients at the right time of year to lock in their freshness. We work closely with local partners using British Beef, Chicken, Lamb, and Pork where possible.

We have created a full range of delicious dishes so your customers can enjoy selecting their favourites. By benchmarking our products against the market leaders, we have ensured you can count on our product quality. Harry's delivers you food that not only tastes good but is also great value for money, at prices that will work for you and your customers.

## RETAIL PROPOSITION

Harry's Country Kitchen is backed by a family-owned established British food retail group. We are therefore retailers at heart. Our aim at Harry's Country Kitchen is to make our fantastic range of meals and puddings accessible to a wider audience. We are looking for appropriate retail partners to share in our success and growth.
