[ Elements Range ]

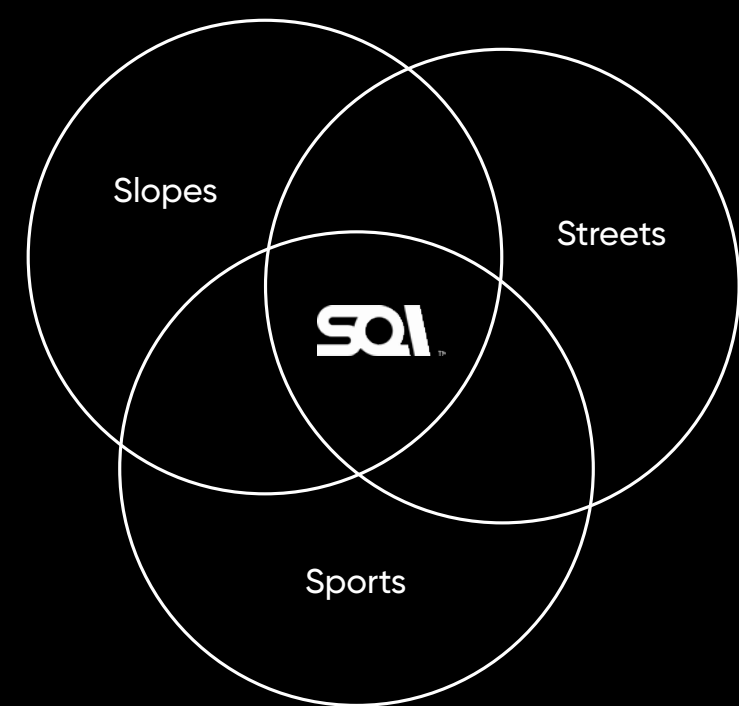

Elements Райге

# [ Elements Райге ]

Technical outerwear engineered for mountain performance with urban influence.

The Elements Райге is our debut collection, designed to connect modern urban culture with the beauty, vastness and precariousness of nature.

Our goal was to create an iconic jacket design crafted from innovative recycled fabrics that maintained technical performance in unpredictable mountain weather, ensured everyday functionality for multi-purpose use, all packaged within a minimalist urban aesthetic.

Blurring the lines between skiwear, streetwear and sportswear.
