We cater to consumer desires with irresistible creations that go beyond meeting demands, each NUUD™ creation unlocking amplified pleasure and shared ecstasy. As demand for NUUD™ unique blend of natural aphrodisiacs and psychoactive elements rises, we not only keep up but stay ahead. Our products are lighting up the market, rising to the top of bestsellers worldwide.

In the world of NUUD™, every touch is electrifying and every encounter unforgettable. Join the exhilarating journey of NUUD™, where we write the script of pleasure and intimacy.

IN THE NUUD™

At the heart of NUUD™, you'll find an exquisite blend of passion, innovation, and science. Our offerings are crafted using patent-pending formulations, designed to enhance sensual experiences. Each NUUD™ product contains our proprietary blends, formulated with carefully chosen, all-natural ingredients known for their aphrodisiac properties. These blends, meticulously optimized for each sex, promise a captivating experience for everyone. Paired with the power of H4CBD and HHC (Hexahydrocannabinols), a legal, psychoactive derivative of hemp, we provide an elevated experience without any legal or health concerns.

In the realm of NUUD™, quality assurance is paramount. Each batch of NUUD™ product is subjected to rigorous quality checks to ensure the highest standards of excellence. We never compromise on the quality or safety of our products. But we're not stopping there. That's what's in NUUD™ - pleasures, redefined.

I The NUUD™ WAY

Pioneers of Pleasure

Being the first-to-market with our one of a kind Vapor Aphrodisiac or as we call it a VAPORDISIAC™, NUUD™ is pushing boundaries and setting new standards in the realm of intimate experiences. We are tirelessly innovating, exploring, and expanding our unique product line to enthrall consumers with novel ways to enhance their sensuality.

Unprecedented Market Growth

Our products aren't just being noticed; they're being sought after. The reason is simple: consumers are increasingly searching for products that enhance their sexual performance, but they want it to be natural, safe, and reliable. More than ever, people are eager to spice up their intimate lives, but they want to do so responsibly and healthily.

Regulations and Rigorous Testing

At NUUD™, we believe in ensuring our products not only promise pleasure but also safety. Every creation that leaves our labs is compliant with the United States Farm Bill regulations, passing through stringent third-party testing to guarantee their quality, safety, and efficacy.

A Commitment to American Quality

We take pride in our roots. All of NUUD™ products are born in the USA, echoing our commitment to premium quality and ethical sourcing. From procuring the finest ingredients to crafting our unique blends, each step is a testament to our dedication to delivering the best to our consumers.

Bites

Bites

Embark on a tantalizing journey with our Bites. Imbued with a potent, all-natural H4CBD formula, each Bite is expertly crafted to spark passion and heighten intimate moments. With separate male and female-focused formulas, every nibble promises an entrancing sensual adventure.

Male gummy ingredients

Please note that the Male formula optimally caters to male-specific attributes, creating an exquisite blend that aligns with men's unique experiences and desires.

Horny Goat Weed: A traditional herb that has been used to enhance sexual desire, improve erectile function, and support overall sexual health. It's a key ingredient for boosting male vitality and performance.

Maca: Derived from a root vegetable, Maca is known to increase energy, support endurance, and promote libido. It contributes to overall sexual health and can help enhance male sexual experiences.

Muir Puama: Often referred to as "potency wood," Muir Puama is a plant extract that is believed to enhance sexual desire, address sexual function, and support male sexual performance.

H4CBD (HC4CBD): A proprietary blend of CBD designed to promote relaxation, reduce stress, and support overall well-being. By helping to alleviate stress and anxiety, it indirectly contributes to a healthy and satisfying sex life.

Water: Serves as the base for the gummies, ensuring proper consistency and hydration.

Ashwagandha: An adaptogenic herb known for its stress-reducing properties, Ashwagandha also supports mood enhancement and vitality, all of which play a role in a positive sexual experience.

Granulated Sugar: Adds sweetness to the gummies for an enjoyable taste experience.

Isomalt: A sugar substitute that provides sweetness with fewer calories, contributing to a more health-conscious product.

Flavoring: Enhances the taste of the gummies, making them a delightful treat.

High Methoxyl Slow Set Pectin: A natural Kosher, Keto-friendly, Vegan gelling agent that gives the gummies their desired texture and structure.

Agar Agar: Another Vegan natural gelling agent that contributes to the gummies' consistency while offering trace minerals like calcium, iron, and magnesium. These essential minerals contribute to overall health and well-being.

Women gummy ingredients

Please note that the women's formula optimally caters to female-specific attributes, creating an exquisite blend that aligns with women's unique experiences and desires.

Damiana: A botanical known for its traditional use in supporting female reproductive health and enhancing sexual desire. Damiana contributes to overall sexual well-being and helps elevate female sexual experiences.

Maca: Derived from a root vegetable, Maca is celebrated for increasing energy, boosting endurance, and promoting libido. It plays a role in enhancing female sexual health and intensifying intimate moments.

Muira Puama: Commonly referred to as "potency wood," Muira Puama is a plant extract believed to enhance sexual desire, address sexual function, and support female sexual performance.

H4CBD: Our proprietary blend of CBD is thoughtfully crafted to encourage relaxation, reduce stress, and support holistic well-being. By helping to alleviate stress and anxiety, it indirectly contributes to a satisfying and fulfilling sex life for women.

Water: Serving as the foundation for the gummies, water ensures the desired consistency and hydration in each piece.

Granulated Sugar: Infusing sweetness into the gummies, granulated sugar enhances the taste for a delightful sensory experience.

Isomalt: A sugar substitute with fewer calories, isomalt provides sweetness while aligning with health-conscious choices.

Flavoring: Elevating the gummies' taste, flavoring adds a delightful and enjoyable aspect to the experience.

High Methoxyl Slow Set Pectin: As a natural Kosher, Keto-friendly, and Vegan gelling agent, high methoxyl slow set pectin imparts the desired texture and structure to the gummies.

Agar Agar: An additional Vegan natural gelling agent, agar agar contributes to the gummies' consistency while offering trace minerals like calcium, iron, and magnesium, enhancing overall health and well-being.

Female formula

"This specially crafted vape formula is designed for women who want to elevate their sensory experiences. At its core is Hexahydrocannabinol, a prominent component that promotes relaxation and deepens sensations to touch, amplifying feelings. Hexahydrothymol suggests an energy lift, which could mean enhanced physical performance and increased stamina, while trans-Caryophyllene is added to melt away stress.

(R)-(+)-Limonene is there not just to elevate mood but to potentially spark the beautiful interplay of serotonin, dopamine, norepinephrine, and GABA in the brain. Linalool and Nerol, with their potential for vasodilation, may subtly enhance blood flow, ensuring the body and mind are perfectly relaxed. 3-Carene is believed to sharpen attentiveness, complemented by alpha-Pinene and beta-Pinene that induce feelings of energy and alertness, respectively.

Eucalyptol introduces a touch of calmness, while elements like beta-Myrcene work harmoniously to ensure the formula blends seamlessly with the body. Geraniol, with its relaxing properties, alongside other ingredients like Terpeneol, promises an aura of relaxation and reduced anxiety. Lastly, the delicate aroma of Fenchone ensures a balanced experience. All in all, this vape blend aims to be a symphony of nature's offerings, carefully curated to boost confidence, relaxation, and pleasure for women."

Male formula

This vape formula is crafted specifically for men, seeking both relaxation and a heightened sensory experience. Leading the charge is Hexahydrocannabinol, known to amplify relaxation and deeper sensations.

Accompanying it, (R)-(+)-Limonene is included to elevate mood, potentially setting the stage for intimate moments. The mix incorporates ingredients like Hexahydrothymol, alpha-Pinene, and trans-Caryophyllene, hinting at a surge of renewed energy, aimed at increased performance and high libido.

Other components are meticulously added to evoke a profound sense of relaxation, making this blend a top choice for men aiming to enhance their intimate moments. Think of this vape mix as nature's finely-tuned orchestra, designed to boost confidence, performance, and pleasure for men."
