

Quality Shuffleboards
at an Unbeatable P

Custom Logos

Custom Logo

Give character to your new Hudson Shuffleboard by adding your custom logo directly on the playfield. Standard logo size is 15" x 15" wide, but we can go as big as you like (prices may vary of course) and wherever you like. Get as creative as you want, we don't care....seriously! All we need is your artwork in the following formats:

.AI, .EPS, .PSD, .JPEG (HIGH RES)

If in Illustrator, please be sure you convert all type to outlines. Art must be actual size in 300 dpi or higher and either CMYK or RGB.

If artwork has lettering or small areas that need to be cutout, artwork must be sent with a vector format.

*Please note that any copyrighted art (that means College and Professional team logos) must have written permission in order to be used.

Need help designing your logo?...give us a call!
