

## “WOW ITS MAGNETIC”

The magnetic element of each of our products is a key factor in closing sales with consumers. “Wow, it’s magnetic!” is what all our customers hear, read in comments, and see enthusiastically on the faces of their customers. Based out of Littleton CO, Winding Hills Design is an American full-service concept, design & manufacturing company. Our company and associates are dedicated people whose mission is to sustain the highest standards of quality, design, development and execution without compromising our commitment to innovation and creativity. For over 20 years, our team has specialized in creating truly unique concepts and products that are practical yet inspirational to the end user. We use magnetic pins that do not destroy the art or damage the surface of the artwork.

We strive to produce a very strong product-value relationship and work with each of our customers to meet their unique individual needs.

We strive to meet the value expectations of both our customers and the end consumer

We Deliver & On Time!

We Are 100% Made In US

# Set of 4 Magnetic Games - Modern

**CODE** MGS4-MOD **MSRP** \$276.00

Our newest magnetic game board collection was created to display beautifully as functional art and allow for years of fun on family game night. The beach themed boards are unique from our other game sets. The game pieces are actual Starfish, Capiz Shells, & Small Sand Dollars and we hand apply strong magnets to each piece. Soft blues and distressed whites give the overall design a warming weathered feel. Each game is build to play magnetically on the wall or to be easily removed and played at a table. Boards can be displayed with or without the pieces as they all are designed to hang as art individually or as a collection. Each game is a large 18" x 18", printed on canvas, & includes all playing pieces. Easy to hang with pre routed keyhole and soft bumpers to protect walls.

# Magnetic Scrabble Set

**CODE MSCRABBLE MSRP \$169.00**

We use the same print design as all of large scrabble boards, but we just make it bigger! We laser cut & apply magnets to all of the pieces (which hold very firmly to the board). The frame is wider at 1.75" & the pieces are 1.5" x 1.5" each. Of this piece we do not use a metal backer, instead we use a special canvas material that is imbedded with metal fibers allowing the tile pieces to hold firmly to the canvas surface and also reducing the weight of the overall product. The board is easy to hang and light enough to maneuver easily.
