THE KEY TO YOUR INFORMATION

Use your smartphone to locate websites of any place in the book!

At every accommodation, camp ground or pool, there is a unique QR code for each site. You can download free QR reader apps for iOS, Android and Windows Phone, enabling your phone to read the QR code and instantly display the website of the place.

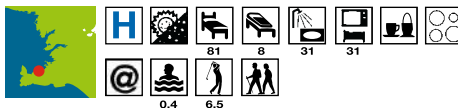

Download one of many free QR readers offered and activate it. Point the camera of your phone to the code at each location. Wait for the app to read the code. The corresponding website should be displayed at once.

Leiðbeiningar fyrir snjallsíma

Við hvern gististað, tjaldsvæði og sundlaug er QR kóði sem er einstakur fyrir hvern stað. Hægt er að hlaða niður fríum QR lesforritum fyrir iOS, Android og Windows síma sem gera þér kleift að lesa QR kóðann og birta strax heimasíðu viðkomandi staðar.

Hlaðið niður einum af þeim fjölmörgu fríu QR lesurum sem eru í boði og ræsið forritið. Beinið myndavélinni á snjallsímanum að QR kóðanum á viðkomandi gististað, tjaldsvæði eða sundlaug. Bíðið þar til forritið les kóðann. Í kjölfarið ætti heimasíða viðkomandi gististaðar, tjaldsvæðis eða sundlaugar að opnast!

THE KEY TO YOUR INFORMATION

Use your smartphone to locate websites of any place in the book!

At every accommodation, camp ground or pool, there is a unique QR code for each site. You can download free QR reader apps for iOS, Android and Windows Phone, enabling your phone to read the QR code and instantly display the website of the place.

Download one of many free QR readers offered and activate it. Point the camera of your phone to the code at each location. Wait for the app to read the code. The corresponding website should be displayed at once.

Leiðbeiningar fyrir snjallsíma

Við hvern gististað, tjaldsvæði og sundlaug er QR kóði sem er einstakur fyrir hvern stað. Hægt er að hlaða niður fríum QR lesforritum fyrir iOS, Android og Windows síma sem gera þér kleift að lesa QR kóðann og birta strax heimasíðu viðkomandi staðar.

Hlaðið niður einum af þeim fjölmörgu fríu QR lesurum sem eru í boði og ræsið forritið. Beinið myndavélinni á snjallsímanum að QR kóðanum á viðkomandi gististað, tjaldsvæði eða sundlaug. Bíðið þar til forritið les kóðann. Í kjölfarið ætti heimasíða viðkomandi gististaðar, tjaldsvæðis eða sundlaugar að opnast!
