

XTREME GREEN

PROFESSIONAL MANGANESE / IRON LAWN SUPPLEMENT

2KG

Active Ingredients:

4% Water Soluble Manganese, 12% Combined Sulfur, and 16% Water Soluble Iron

Treats 2000sqm

Application:

Lawn and Garden application rate: 100g/100sqm in 5L of water.

Directions for Use:

Apply in cool hours of the day. Do not water lawn for 4 hours before or after application. Mix Xtreme Green in half volume of water, agitate mixture until combined and then add remaining water.

For Manganese deficient lawns & gardens:

Apply Xtreme Green every 2-3 months according to soil test recommended rates.

Warning

KEEP OUT OF REACH OF CHILDREN. Avoid entering treated area until dry. Avoid masonry & porous materials as Iron content will stain. Excessive or overuse of product can cause damage to lawn.
