making places

home
Making places home Home is our personal retreat, the private space where we share special time with family and friends.

It is a reflection of our lifestyle, our attitudes and the things that mean the most to us. As our lives and tastes change, our home evolves with us – always in sync with our current needs.

USM Modular Furniture is designed to accompany us through different phases of life. It adjusts to new demands, ready to take up different functions in our home – a constant in our ever-shifting lives. On the following pages we present the diverse world of USM: from minimal to eclectic, from functional to decorative. Always modular and adjustable. Furniture for a lifetime made with great care in Switzerland.
Living room

It is simply about living your ideas, your style.

Make your home personal. Clear lines, versatile modularity; USM Haller lets you decide. Unobtrusive but essential, it adapts to your lifestyle, your changing needs, your personal taste. An enduring companion.

Sharing time together with family and friends is priceless.

It is often little things that make life richer. Spending time with loved ones, eating, talking, laughing together. All it takes is a large table to gather around. Pure and simple in design, the USM Haller Table allows you to dine in style.

Worldwide services
USM provides trained specialists in furniture configuration, delivery and installation to ensure professional customer support. For USM assembly and repair, contact us directly or one of our 400 authorised sales partners in 40 countries, guaranteeing top-quality service around the world. Our modular system embodies dependability, and our customer service guarantees that you will receive quick, personalised answers to your questions. For customized advice, do not hesitate to visit our showrooms. USM has established a prominent reputation and international presence with flagship stores in Bern, Berlin, Hamburg, London, Munich, New York, Paris and Tokyo that showcase local culture and offer technical support.

Made in Switzerland
Founded in 1885, USM is a family business now in its fourth generation. «Made in Switzerland» to us is both a promise and an obligation. It stands for precision, quality, dependability, first-rate materials, careful workmanship and total commitment – on behalf of customer interest and out of respect for the environment.

Form follows you
Unlike many static design classics, celebrating individuality by adapting design and function to its user. For more than 50 years, flexibility, durability and consequently sustainability are core values of the USM brand. USM Modular Furniture is designed to be reconfigured – at any time.

Sustainable concepts and actions
Developing solutions that respond to changing needs while remaining environmentally conscious has always been a USM philosophy. Since the beginning, and throughout USM’s development, handling energy, emissions, materials and production methods in a responsible manner has been a key mission. In this regard, the longevity of USM products is of utmost importance. The longer the product can be used, the less impact it has on the environment. High-quality, durable materials, manufactured with the latest environmentally friendly technologies, guarantees a long, useful life for our product.
USM Haller

The USM Haller system provides a wide variety of elements in standard sizes. Widths, depths and heights are indicated below. All measurements refer to the distance between axes.

Your safety matters to us.
Check out the USM safety instructions now.
www.usm.com/safety

All measurements in mm.

Start configuring your individual piece of USM now!
www.usm.com
A modular structure of your design, either completely or partially equipped with e-Balls and e-Tubes, is connected to a source of electricity. The structure itself conducts the low voltage electricity to the desired location using the e-Balls, e-Connectors and e-Tubes to form a circuit. USB chargers or light sources can be snapped into place in pre-cut recesses. The power supply is drawn from any point near the ground. The power supply cable is attached to a Haller e-Ball, and the power adapter is subsequently tucked underneath the furniture until only the operating switch remains visible. From this point the power supply requires no further cables but rather is integrated into the structure of the furniture.

**Application Options**

- **Glass Panel**
  - Glass elements can be illuminated throughout.

- **Without Metal Paneling**
  - Compartments without metal paneling can be completely illuminated.

- **With Metal Paneling**
  - Compartments with metal paneling can be illuminated from the front.

- **Compartment with an Extension Shelf**
  - The entire compartment with an extension shelf can be illuminated.

- **Drop-Down and Extension Door**
  - Via the “Light When Compartment Is Open” function, the light automatically turns on when the door is opened.

- **Angled Shelf**
  - The presentation space is illuminated from the front.

- **Floor Lighting**
  - With floor lighting, the light shines at a 25-degree angle under the furniture.

- **Ambient Lighting**
  - The light is directed vertically towards the back, illuminating the surroundings with a warm glow.

- **e-USB Charger**
  - Provides a voltage of 5 volts to the connected device. (Capacity: 6.5 W)

- **e-Lights**
  - Dimmable, available in
    - Warm white 2700 Kelvin
    - Cool white 5700 Kelvin
  - Both with or without the “light at compartment opening” function.

- **e-Dummy**
  - Sleek, black e-Dummy elements close recesses that are still unutilised. If a piece of furniture should later be supplemented with additional light, using e-Tubes (consuming), which are first equipped with e-Dummy elements, is recommended.

- **e-Tube (power outlet)**
  - Tubes with recesses for e-Lights, e-USB chargers or e-Dummy elements that can be easily snapped into place or replaced.

- **e-Tube (conductive)**
  - The conductive e-Tube serves to conduct the electricity if no inserts are desired in this location. It is available in lengths of 750, 500, 395, 350, 250 and 175 mm.

- **e-Power Supply**
  - Includes dimmer at the operating switch. Transforms the power supply voltage to 24 volts. (Capacity: 60 W)

**e-Elements**

- **e-Lights**
  - Dimmable, available in
    - Warm white 2700 Kelvin
    - Cool white 5700 Kelvin
  - Both with or without the “light at compartment opening” function.

- **e-Dummy**
  - Sleek, black e-Dummy element close recesses that are still unutilised. If a piece of furniture should later be supplemented with additional light, using e-Tubes (consuming), which are first equipped with e-Dummy elements, is recommended.

- **e-Tube (power outlet)**
  - Tubes with recesses for e-Lights, e-USB chargers or e-Dummy elements that can be easily snapped into place or replaced.

- **e-Tube (conductive)**
  - The conductive e-Tube serves to conduct the electricity if no inserts are desired in this location. It is available in lengths of 750, 500, 395, 350, 250 and 175 mm.

- **e-Power Supply**
  - Includes dimmer at the operating switch. Transforms the power supply voltage to 24 volts. (Capacity: 60 W)

**Winner of the**

- **German Design Award 2019** for outstanding design quality in the Office Furniture category.

USM Kitos M and E Desk

Each desk (except free-standing) of the USM Kitos M and E family offers integrated smart solutions for electrification.

Why USM Kitos M? The “M” in its name stands for mechanical spring-loaded height adjustment; adjustment time approx. 1 second with zero energy consumption. This system is more than 10 times faster than the electronic equivalent and has an extremely long operating life.

Why USM Kitos E? Maximum functionality and captivating design – USM Kitos E unites all requirements in one modern workplace: continuous height adjustability and maximum stability. A distinction is made between fixed and motor-driven legs in the E1, E2 and E3 models.

Basic desk
Integrated cable tray underneath the tabletop

- USB adapter
- Lamp peg

All measurements in mm.

The table can also be provided with an additional middle traverse, for extra legroom. (This is not possible with the USM Kitos E / M Meeting.)

All measurements in mm.
Accessories

1 Metal, magnetic bookend
Available in light gray and graphite black.

2 Material tray
Provides room for writing instruments and can be discreetly stowed under the tabletop.

3 USM Inos internal organisation
Plastic box in metal frame: Perfect for keeping small bits and pieces organized – be it in your home office or anywhere else in your house.

4 USM Inos C4 box set
Thanks to its dimensions, the Inos box set fits into any piece of USM furniture. Available in light grey and graphite black.

5 USM Inos Box
The new USM Inos Boxes organise, store and protect both your treasures and everyday paraphernalia of life. Several boxes can be stacked on top of each other with the help of trays, which can also be used as covers or serving trays, or to hold assorted small items around the home. These soft storage boxes made of nonwoven polyester are available in four different sizes and in light grey and anthracite gray.

6 World of plants for a healthy climate
Plants improve the indoor climate and thus our working environment. With USM’s worlds of plants, lively evergreen landscapes can now be easily integrated into the structure of USM Haller.
