

Support your immune system when it needs it most with **TheraZinc[®] Throat Spray.**

Our TheraZinc Zinc Throat Spray delivers ionized zinc directly to your mouth and throat. For best results, spray toward the back of the throat, wait a few seconds, then swallow normally. Our zinc throat spray is the perfect alternative to our lozenges. And it's great for air travel!

This throat spray provides immune-supporting zinc in a targeted form. It rapidly releases the zinc ions into your system for immune support. Other forms of zinc may not convey consistent effects.*

TheraZinc Throat Spray also contains natural peppermint oil, menthol, and cherry bark extract, which makes it taste great too. Sweetened with stevia, so it is sugar-free with no artificial coloring!

- Effective immune support.
- Formulated with zinc gluconate (the studied form).
- Throat spray is perfect for those who dislike lozenges.
- Comforts the throat.
- Available in 4 oz and travel friendly 2 oz sizes.
- Sugar-free.
