Portable Generator MG10

This economical, yet rugged portable generator series is designed to fit every job site and every budget. This unit provide hours of reliable job site power and performance. Ideally suited for construction, industrial, commercial, domestic and farm applications.

MG10

A fully wrapped frame with heavy duty steel bars protects the generator under rugged job site conditions. Lifting point included.

Model is equipped with wheels and foldable handles for easy transport.

Unit feature a powerful and reliable 4-stroke gasoline engine.

Superior performance shock mounts minimize vibration for longer machine life.

Unique diversion trench fuel tank design for increased safety and user-friendliness.

Installed with digital voltage, frequency and time display.

SPECIFICATOINS	UNIT	MG10-CE
Dry weight (without fuel)	kg	143
Length x width x height	mm	850x620x650
Fuel tank capacity	l	48
Output frequency	Hz	50/60
Rated voltage	v	110/120/210/ 220/230/240
Rated output power	kW	8.5
Max. output power	kW	9.5
Engine model		Loncin-LC196FD
Engine type		Air-cooled, single cylinder, 4-cycle gasoline engine
Engine rated power	kW/3600 rpm	11.5
Fuel type		Gasoline
Engine displacement	cm ³	622
Starter		Recoil & Electric
Guaranteed Sound Power Level	dB(A)	100
