

**Step 1:** Cut (4) of the 2x4's in half. Use this line to mark it:

**Step 2:** Use wood glue to glue two of the 2x4s together, until you have 4 pieces total. They should look like this:

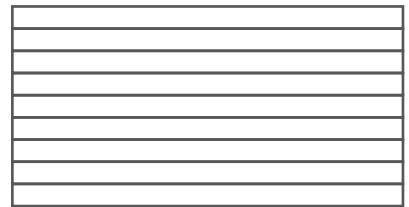

**Step 3:** Use this guide to cut a 2x4 into two 2.25" Strips

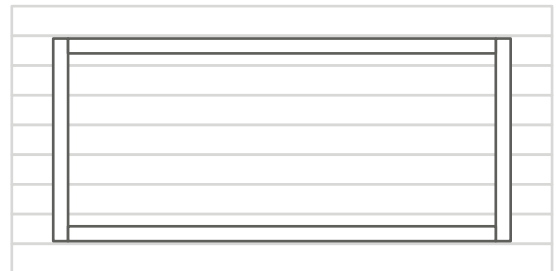

**Step 4:** Use this guide to cut two 2x4s to 4.75" long

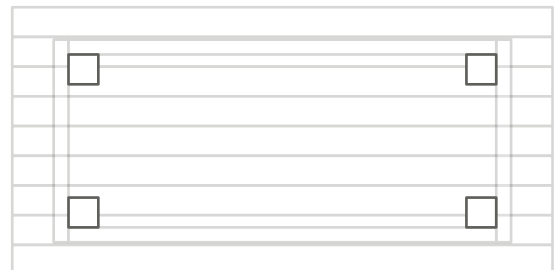

**Step 5:** Glue (9) 2x4s together side by side. This is how they'll look:

**Step 6:** Glue the 2.25" and 4.75" strips onto your tabletop like shown below:

**Step 6:** Glue the legs into each corner as shown:

**Now paint or stain it any way you like!**
