COMBS

AMERICAN
TECHNOLOGY

Key Features

Precision Wedge® Blade: deeper, longer teeth that perfectly feed thick and textured hair for smooth bulk hair removal and that is not found on any other cordless clipper.

Extended Taper Lever for a wide range of cutting lengths

High Durability: metal taper lever and switch

Cord/cordless capability with up to 100-minute run time off a 60-minute charge time

Guide Combs: includes 8 patented premium guide combs and 6 additional unique industry patents

High performance motor that won't bog down on wet or dry hair

Smart LED: always know your charge level with the LED indicator: solid is full charge, flash is low charge, and pulse is charging.

Precision Wedge Blade

Deeper, longer
teeth for faster
feeding and
smooth bulk
hair removal

Features

- “Crunch” blade technology to hear which hair is being cut, for a seamless finish.
- Cutting blade with longer teeth.
- Stationary blade has a unique cutting angle.
- High quality chrome plating for rust resistance.

Ideal for:

- Soft line fading and seamless blending.
