Modern Slavery Policy

DEFINITION

Modern slavery: The severe exploitation of other people for personal or commercial gain. "We, us, our, our company or the organisation" means Efoodz Pty Ltd (Mealcare).

BACKGROUND

Modern slavery is a terrible practice that deprives a person's liberty and dignity for another person's gain. The term describes situations where coercion, threats or deception is used to exploit victims and undermine their freedom. Practices that constitute modern slavery can include:

- human trafficking; or
- slavery; or
- servitude; or
- forced labour; or
- debt bondage; or
- forced marriage; or and
- child labour.

It is estimated that up to 40 million people are trapped in modern slavery worldwide, including many in developed countries. Approximately 25 million of these people are impacted by forced labour. Women and girls are over-represented, comprising about 70 per cent of modern slavery victims, with 25 per cent of all victims being children.

Nearly two-thirds of forced labour victims can be found in the Asia-Pacific region. This makes Australian businesses highly susceptible to the risk of being involved in this wrongdoing through their operations and supply chains.

POLICY

Efoodz Pty Ltd (Mealcare) respects human rights and is committed to limiting the risk of modern slavery within our supply chains and operations. We do not condone or use child or forced labour in any of our operations or premises. It will work to ensure these practices are not present in our operations or supply chain. We expect that all organisations we engage with do the same.

We declare that our workforce is voluntarily and entitled to leave the work whenever they desire. Employees are not required to post a deposit or bond, and salaries are not withheld for any reason.

We will follow all laws and regulations regarding employment practices and, if made aware of modern slavery practices in its own business or within its supply chain, will resolve the issue in line with the values expressed in this policy. It is expected that suppliers have similar values to us concerning modern slavery.

TRAINING

All staff will undertake an awareness programme on modern slavery, which covers:

- the various forms of modern slavery and how people can be held and exploited; and
- the scope of the issue and how it affects our organisation; and
- how personnel can identify the signs of modern slavery practices; and
- responsibilities of employees should they suspect modern slavery.

RISK ASSESSMENT

We commit to undertaking a detailed risk assessment to identify which parts of our operations and supply chains are most at risk from modern slavery.

The focus will be placed on monitoring high-risk suppliers and mitigating associated risks.

Responsibility for assessing and addressing modern slavery risks is assigned to Andy Lam, Sumanth Kunta and Asis Xah who will brief the relevant parties appropriately.

Andy Lam will engage directly with credible experts, employees and other potentially affected groups in our operations and supply chains to assess risks.

REPORTING RESPONSIBILITIES

All employees are responsible for detecting, reporting, and preventing modern slavery in our own business operations and supply chain.

Employees are encouraged to raise any concerns regarding instances of possible modern slavery. If suspected or believed that a breach of this policy has occurred, contact Andy Lam

If unsure about whether a particular act or conditions represents any of the identified forms of modern slavery, raise concerns with your manager in the first instance or Andy Lam (Managing Director)

We have a no-blame policy regarding modern slavery reporting and will support all persons raising genuine concerns in good faith. No employees will suffer detrimental treatment (e.g. dismissal or disciplinary action) due to reporting their concerns in good faith.
