# SMART PACK SYSTEM

OPTIMISED FOR EFFICIENT ONBOARD MAINTENANCE

# ON BOARD MAINTENANCE –

## SMART PACK SYSTEM optimised for onboard maintenance

Optimised for both brush and roller application on less than well prepared surfaces, Smart Pack System ensures a smooth even paint film across the substrate. This is essential in achieving long lasting protection.

Primer coat film thickness is too low in places.

Traditional system fails to achieve required film thickness in places – trouble ahead!

Jotamastic Smart Pack primer coat – flows consistently to even out the surface.

Smart Pack System flows evenly – building consistent smooth even film thickness

E – OPTIMISED

## SMART PACK SYSTEM **reduced paint consumption**

Smart Pack System is designed to solve onboard maintenance challenges without the inconvenience of large paint containers.

Mixing is simple, quick and accurate. Because it is optimised for brush and roller application, an even film thickness is achieved. This results in less wasted time, less wasted paint and less wasted money.

With more than 9 million litres of Smart Pack System products applied worldwide their greater efficiencies are proven to contribute towards a better bottom line.

## SMART PACK SYSTEM brush and roller

Traditional paints are designed specifically for spray application. Applying these paints by brush or roller will result in uneven coverage, increased risk of corrosion and will shorten the lifetime of the paint system.

Smart Pack System is designed specifically for onboard maintenance application by brush and roller to deliver consistent coverage that penetrates deep into even the poorly prepared surfaces.

## SMART PACK SYSTEM 1:1 mixing ratio

The Smart Pack System simplifies correct paint preparation. While other paints call for complicated mixing ratios, the Smart Pack System has a hassle-free 1:1 mixing ratio. This makes it easier to mix only what is needed, eliminating mixing errors and wastage of the paint, and ensuring the paint performs as it should.

## Jotamastic SMART PACK

Jotamastic Smart Pack is a primer specifically designed to be applied to poorer prepared substrates, typical of onboard maintenance situations.

Jotamastic Smart Pack's excellent flow properties mean a smoother, better protective film by both brush and roller.

A traditional primer with an uneven film thickness due to its poor flow characteristics

Jotamastic Smart Pack clearly illustrates the smooth consistent paint film achieved

## Hardtop SMART PACK

Hardtop Smart Pack is a isocyanate free topcoat that provides good colour stability and lasting gloss. Available in a virtually unlimited colour choice, it will, together with Jotamastic Smart Pack, deliver lasting protection with excellent cosmetic appearance.

Jotun Protects Property

# A GLOBAL PROVIDER OF COATINGS

We have 63 companies and 37 production facilities on all continents, and are represented in over 100 countries.

Our operations cover development, production, marketing, R&D and sales of paints and coatings to protect and decorate surfaces in residential, shipping and industrial markets.

## UNIFORM STANDARD ACROSS THE GLOBE

- Easy to exchange trained technical personnel across national borders and multi-national projects.
- Compulsory training for all technical and sales personnel in marine and protective segments. Most of our coating advisors and technical personnel have FROSIO and/or NACE certification.
- Same competence in maintaining company standard procedures globally.

## Jotun GreenSteps

### FOR A MORE COLOURFUL WORLD, WE ALL NEED TO BE A LITTLE GREENER

Jotun recognises the responsibility it has to the environment and has established its own GreenSteps programme.

Through the GreenSteps programme we address market demand for more sustainable coatings solutions.

Reducing VOC emissions

Reducing hazardous materials

Reducing energy consumption

Reducing carbon footprint

Reducing waste

37 production facilities globally

Represented in over 100 countries

63 companies in 45 countries

# Jotun Marine Coatings and Jotun Protective Coatings offices worldwide

Legal Jotun entities worldwide are listed. For details of Branch offices and Jotun representation in countries not listed, please visit [jotun.com](http://jotun.com)
