We take Great pride in bringing you 100% US Made and well constructed harnesses that support the electronic system in which your Harley Davidson Oppertes with. All our harnesses have a lifetime warranty.

INSTALL STEPS:

This bracket utilizes the 3/4" bolts that hold your handle bars on. You will need a 3/4 socket or wrench.

1. Loosed the bolts and insure that there is about 1/8" of space on the bolt shaft.
2. Be sure NOT TO OVER LOOSEN Or your bars may fall off and do damage to tank/other.
3. Clear away any extra washers or wire harness rings. Send them Down on the bolt.
4. Locate the heavy gauge factory plates that come with your bike under the bars and this is the target area to slide This bracket under.

Unscrew 3/4" bolt just enough.
Both Sides..
