

# New Wiser

## The heart of your smart home.

Wiser™

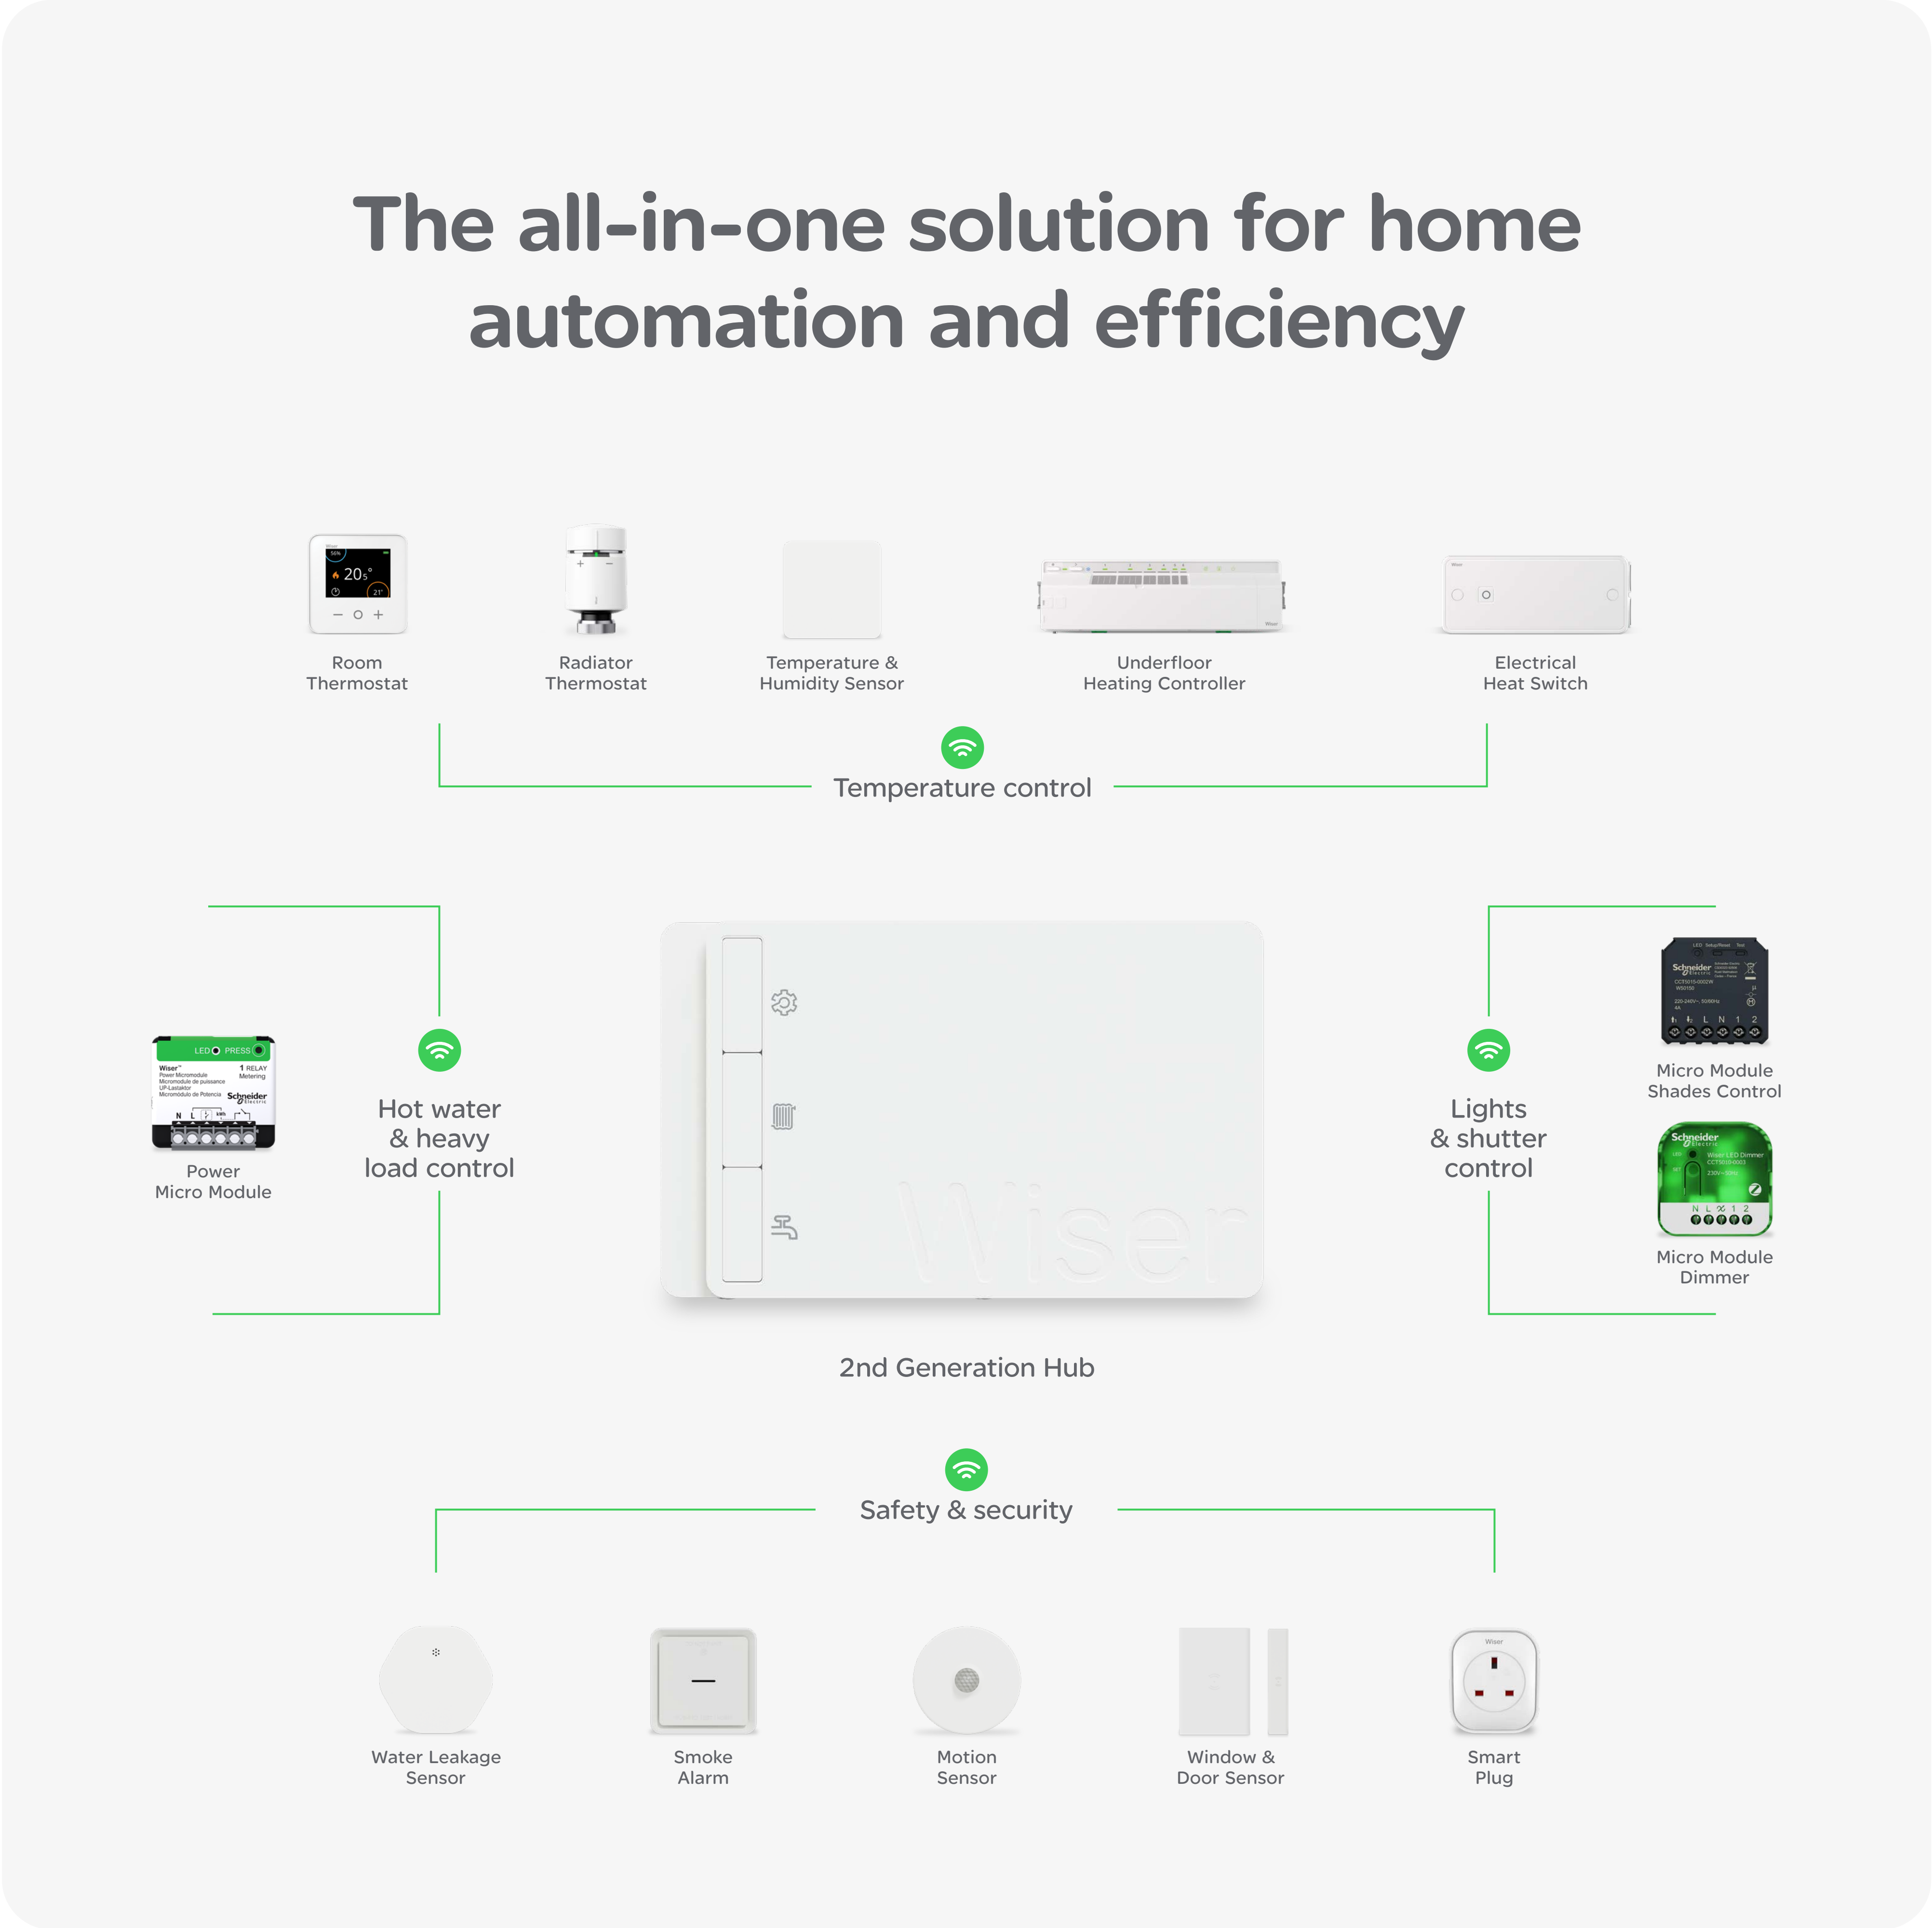

# Altogether smarter

Wiser 2nd Generation from Drayton brings together your favourite smart devices to make your home easier to manage than ever.

Control your home’s temperature; use our smart home products to keep your family safe and secure; and combine devices to create handy automations – all via the Wiser Home App.

# Reduce energy bills by up to 30% with Wiser<sup>1</sup>

Better control, better efficiency. Wiser allows you to have complete control over your heating no matter where you are, giving you more opportunity to save.

### Smart Thermostat

Save up to 18% by controlling your heating from anywhere at any time.

### Individual Room Control

By only heating the rooms you need, to the temperature you want, you can save 19%.

### Smart Modes

Activate Away Mode & Eco Mode to optimise your system and save up to 16%.

## Plan ahead and stay on budget

The Wiser Home app is the first smart heating system designed to connect directly to your smart meter. The Insights+ feature gives you real-time breakdowns of your energy spend and can save you up to 7% per year.<sup>2</sup>

1. Smart thermostat system percentage savings based on BEAMA and Salford university research statistics March 2021. Energy mode savings based on Schneider Electric research on Wiser user data 2021. 2. Subject to in-app eligibility check.

# Energy hungry home? You need Wiser

Wiser from Drayton is backed by 75 years of heating experience, so you're in safe hands. By installing Wiser room-by-room heating you can get smarter with your energy saving. Whether you have a combi boiler, system boiler, heat pump, underfloor heating or electric heating, Wiser has a solution that will enable you to have full control of your heating, all from the palm of your hand.

For full information on all our products visit us online.

## Wiser Hubs

The Hub is the brains of your Wiser system. Select the 1 channel for combi boilers, 2 channel for conventional boilers or 3 channel for properties with two heating zones and stored hot water.

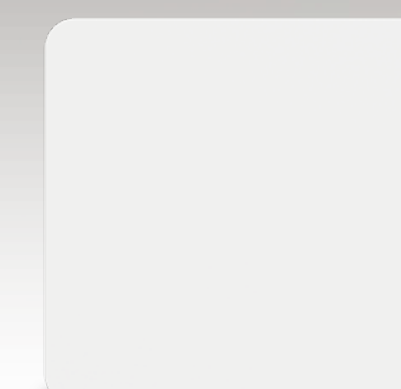

## Wiser Room Thermostat

Sleek and simple the room thermostat offers centralised temperature control. Add to a zone for enhanced accuracy and a visual reference. Control via the touchscreen or via the app.

## Wiser Radiator Thermostat

Add to each radiator for room-by-room control. Create individual time and temperature schedules in every room for maximum comfort and energy efficiency.

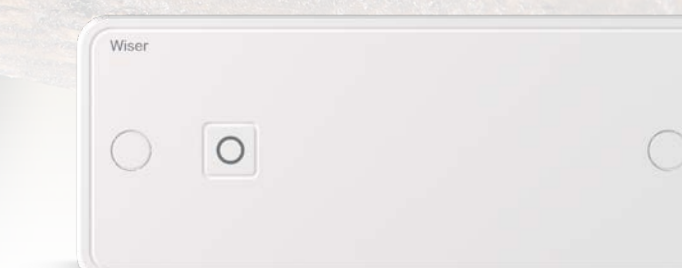

## Wiser temperature & Humidity Sensor

A low-cost way to monitor temperature via the app. Add to individual rooms for increased temperature accuracy and monitor humidity levels to control damp.

## Wiser Underfloor Heating Controller

If you have a mixed heating system our underfloor heating (UFH) controller allows you to control a zone of water based UFH alongside your radiators, all from the Wiser Home App.

## Wiser Electrical Heat Switch

For electric heat sources such as electrical towel rail, underfloor heating or radiators, the Wiser Electrical heat Switch can be used for accurate control alongside a room thermostat.

# Beyond Heating

Wiser 2nd Generation is an altogether smarter solution that takes your home beyond heating. Integrate smart home devices to monitor, automate and protect your home.

Start with your Wiser Hub and add devices to your system at any point to enhance your home and create clever automations.

## Stops a drip turning into a flood of tears

Stay ahead of leaks with alerts that help protect your home and loved ones.

## Stop money flying out the window

Wiser window and door sensors automatically pause heating when a window is left open, ensuring comfort without wasting energy or money.

## Light up the night

Combine the motion sensor and smart plug to trigger a night light to come on when motion is detected.

## Smoke Alarm

Ensure the safety of your home with the Wiser battery powered smoke alarm for intelligent smoke and heat detection that keeps you informed, even when you're away.

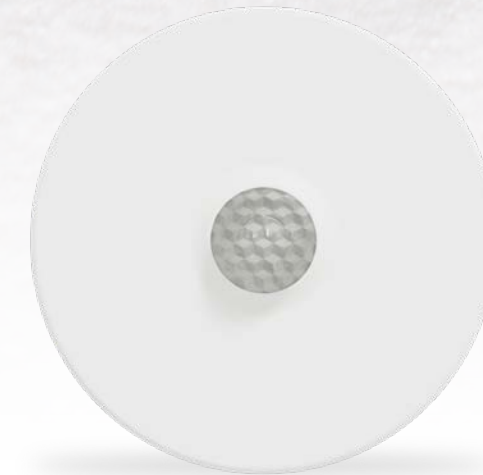

## Water Leakage Sensor

Safeguard your home from water damage with Wiser Water Leakage Sensors. Stay ahead of potential issues with real-time notifications when water is detected.

## Window & Door Sensor

Give yourself peace of mind with Wiser Window & Door Sensors. Whether you're at home or away, stay informed and in control with real-time notifications and the ability to create smart automations.

## Motion Sensor

This clever sensor detects motion and light levels allowing you to monitor your home from afar or pair with other Wiser devices to create convenient automations at home.

### Smart Plug

The Wiser Plug is multi-purpose acting as a smart plug for handy scheduling and monitoring of electrical devices and a range extender boosting signal to all Wiser devices.

### Power Micro Module

Take control of your home's electrical loads such as immersion heaters. Stay informed and in control with customisable schedules, automations, and real-time power consumption reporting.

### LED Dimmer Micro Module

Elevate your home lighting experience with Wiser Dimmer Micro Module. Convert your conventional LED light switch into a dimmable one, controllable via the Wiser Home app.

### Shades Control Micro Module

Transform your living space with Wiser Micro Module Shades Control. Create the perfect ambience by scheduling and automating motorised curtains, blinds, shutters, or awnings.

### Activate date night with ease

Automate your heating, lighting, and blinds to set the perfect mood. With personalised Moments, enjoy the ultimate in comfort, convenience, and energy savings –all at the touch of a button.

### Got a teen who won't get out of bed?

Set the lights to turn on and the blinds to open at 8am—no more snooze button battles!

### Peace of mind for your holiday home

Get notified when someone enters with door and motion sensors. Use smart plugs to turn lights on or off remotely—keeping your property secure and energy-efficient when vacant.

# The smarter choice but don't just take our word for it.

Our Trustpilot reviews speak for themselves.

"Fantastic customer support from Wiser,  
they truly lead the way"

Derek F | 17th February 2025

"Works a treat and we brought  
it in the sale too!"

Gary H | 14th February 2025

"It was... clear, consise and quick!"

M Ridge | 26th March 2025
