The Timberwolf T25I woodburning fireplace Insert is clean and contemporary looking. Featuring EPA 2020 certified woodburning technology and extremely long burn times - up to 16 hours. The extra-large viewing area ensures that you can watch the fire for pleasure instead of babysitting the fire for reloading. An included dual blower system quietly circulates heat throughout your room. Clean and contemporary lines allow this woodburning fireplace insert to blend into your current décor while remaining highly efficient.

Blower (Included)

Air Shutter Control

Large Glass Viewing Area

T20I Wood Insert

Self-contained and more efficient than an existing woodburning fireplace opening, a woodburning insert is a great way to ensure that your home is running more productively. Venting out the existing chimney, woodburning Inserts ensure that drafts can no longer enter your home. These inserts are built to exceed standards for clean-burning which ensures loads of even heat and comfort for hours on end. Whether you go with a contemporary, clean-lined look or something a little more on the traditional side, there is nothing compared to the joy and scent of building your own woodburning fire in a woodburning insert.
