- Approved for Ventis, Duravent, Amerivent, Direct Temp and SuperSeal direct vent systems

The Timberwolf TDS28N Gas Stove is compact in size but not in power. The advanced burner system produces realistic dancing flames that surrounds the hand-painted Logs to create the look of a real wood-burning fire. Accentuate your style with aesthetically pleasing details in black or chrome. The millivolt ignition ensures safe operation and lighting, even in the event of a power failure. Amazing things do come in small packages and when space is limited, but the need for comfort and warmth calls for a fireplace, Timberwolf TDS28N Gas Stove is right there with a perfect fit.
