

Telescopic Sign Holder

Kostklip’s Telescopic Sign Holder is a versatile 2-in-1 system. The sign frame can be directly attached to either the telescopic stem or the shovel base. This allows retailers to display store signs at a variety of heights without the need of multiple sign holders. The wedge base can be placed under boxes, in produce bins, or wherever a freestanding sign is required.

FEATURES:

- 2-in-1 design allows sign frame to be directly attached to base or telescopic sign holder
- Shovel base style with frame is 8.25”H
- Telescopic adjustable height: 20” to 29”H in 0.5”H increments
- Top-loaded 7”H x 11”W frame holds single or double sided sign inserts up to 0.2” thick
- Pre-drilled 0.185” diameter holes on shovel base can be used with fasteners for attaching to other fixtures
- Black ABS
- » Combine with [260F-101165 One Fold Sign Protector](#)
