

EasyRoller™

The EasyRoller™ is the ideal gravity feed solution for automatically front facing products. Typically used with bottles and other flat based packaging, the EasyRoller™ keeps your shelves always presentable. Stock-outs can be spotted instantly, and re-stocking is a breeze.

The EasyRoller™ can easily be installed on existing shelving with the provided angle adaptors or on custom angled shelving.

Available in convenient 11.7" wide sections or custom widths for all types of shelves.

Made from highly durable aluminum with ABS construction

FEATURES:

- Gravity fed self-facing system
- Modular and available in a variety of sizes and configurations
- Various divider and installation options available
- Call us for more information
