

KARTWHEELS 45L ROLLING SHOPPING BASKET

Kartwheels™ 45L Rolling Shopping Basket

Increase store sales with kostklip's rolling hand baskets. **Kartwheels** provide a convenient way for customers to improve their shopping experience while offering a higher volume capacity than traditional shopping baskets. Growing your customers' basket size means overall sales growth for the store.

FEATURES & BENEFITS:

ROLLING MANEUVERABILITY

The rolling maneuverability of Kartwheels allow customers to purchase more items without carrying the weight of the products in their basket.

LARGE VOLUME CAPACITY

Sales should not be limited to the capacity of a traditional hand basket. Kartwheels can carry a sufficient amount of product while being extremely maneuverable and convenient.

STACKABLE DESIGN

The rolling hand baskets have been designed to easily stack, maximizing floor space and keeping your store organized. The built-in carrying handle allows baskets to be stacked or transferred as needed.

BRANDING AND CUSTOM COLORS

Kostklip can customize the color and branding of your Kartwheels, creating a basket that aligns with your branding needs. The color of the Kartwheels can be determined by any Pantone color. Customized logos can be applied using hot stamp or pad printing methods which prevent damage against deteriorating factors.

NON-SKID RUBBER WHEELS

Kostklip's Kartwheels rolling hand baskets have been equipped with non-skid rubber wheels, preventing damage to your store floor.

POLYPROPYLENE PLASTIC

Kartwheels are made from polypropylene plastic, making the baskets lightweight and durable. The polypropylene plastic is resilient to most forms of physical damage and is not porous. This prevents absorption of any liquid, preventing bacteria or rust build up.

Code	Description / Size	Weight	Color	Case Size
KW45-109373	45L, 24"L x 15.5"W x 15.5"H	4.9 lbs	BL	12 units
