THE GENERAL STUFF

How much does it cost for hire?

You'll be glad to know that it costs nothing to hire any of our varied event spaces. A signed booking agreement and a \$500 deposit to hold your booking will apply for parties of more than 30 pax. Is there a minimum spend?

Minimum spends will apply depending on the area, party size and your needs - please speak to our friendly team.

Can we pre order food for our guests?

YES! Bookings edging towards and over 30 pax will be considered a function and therefore you MUST pre order and pre pay for food. This allows our chef to order enough of everything ahead of time and as a bonus, saves your guests the hassle on the day. You can choose from our banquets menu for platters, substantial canapes or a set menu. Simply tell us what would work best for you within 14 days of your event and we will send you an invoice that requires payment that same day.

Do you offer drinks packages?

We sure do! Drinks packages start from \$48pp for 2 hours. You will find the full list of choices inside the functions package. Drinks packages or bar tabs are our preferred option for The Courtyard Bar.

Are kids allowed at Burleigh Barrels?

They sure are, as long as they are here with their own parent or legal guardian. Being a working craft brewery, we don't have a specific kids' area, so you may want to bring along some activities for them to keep them engaged at your tables.

Do you have a screen + microphone we can use for presentations or embarrassing childhood photos?

Yes we do! You tell us what you need to celebrate or shame and we'll make it happen for you.

Yes definitely! For the private function area you can bump in up to 1 hour from the start of your booking. No sticky tape on the walls please, but Blu tac is fine. The use of glitter and table scatters may result in your deposit being used for additional cleaning. We recommend - leave them at home. For the rest of the spaces, yes please feel welcome to bring some simple decorations that can be put up right before your booking time.
