

This GPS antenna model has been designed for outdoor facilities.

The easy magnet mounting together with the USB connector is dedicated to existing Etic Telecom industrial router (IPL) or Machine Access Box (RAS) already installed.

CHARACTERISTICS

	Electrical
Type	GPS: Telit Core : SE 880
Frequencies	<ul style="list-style-type: none"> • 1575,42 MHz • GPS L1 C/A Code • 48 channels • Operational up to 4g and a speed of 500m/s
VSWR	<1 ;5
Polarization	RHCP
Synchro	<ul style="list-style-type: none"> • Hot : 1s • Cold < 35s
Consumption	Low power : 10mA and Tracking 35 mA
Data	NMEA (accuracy 2m)
Connector	USB (5V)

	Mechanical
Color	Black
Weight	70g
Dimension	38x34x15,5 mm
Mounting	Metallic surface (min 60x60)
Fixation	Magnet
Temperature	-40°C up to +75°C
