Wooden Desk Installation

Tools You Will Need: Tools You May Need

Adjustabie Wrench

Hexagon wrench

Philips Screwdriver

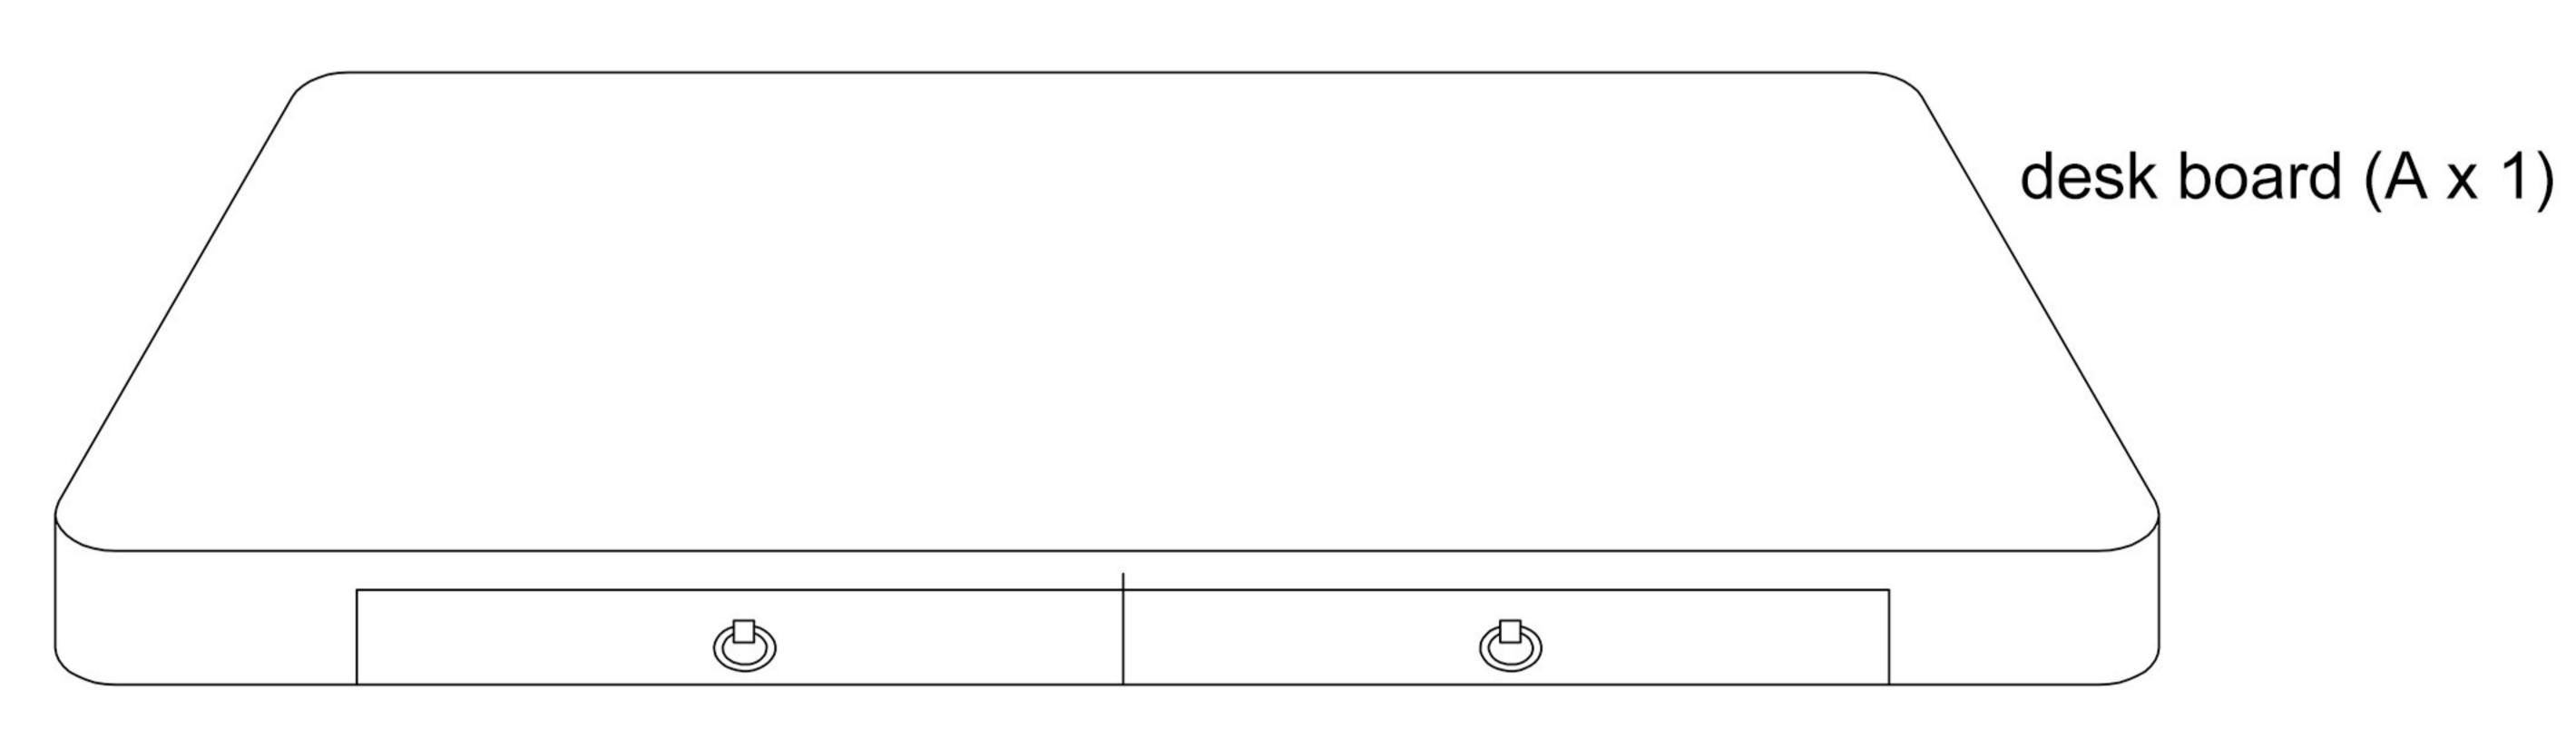

Before the Installation

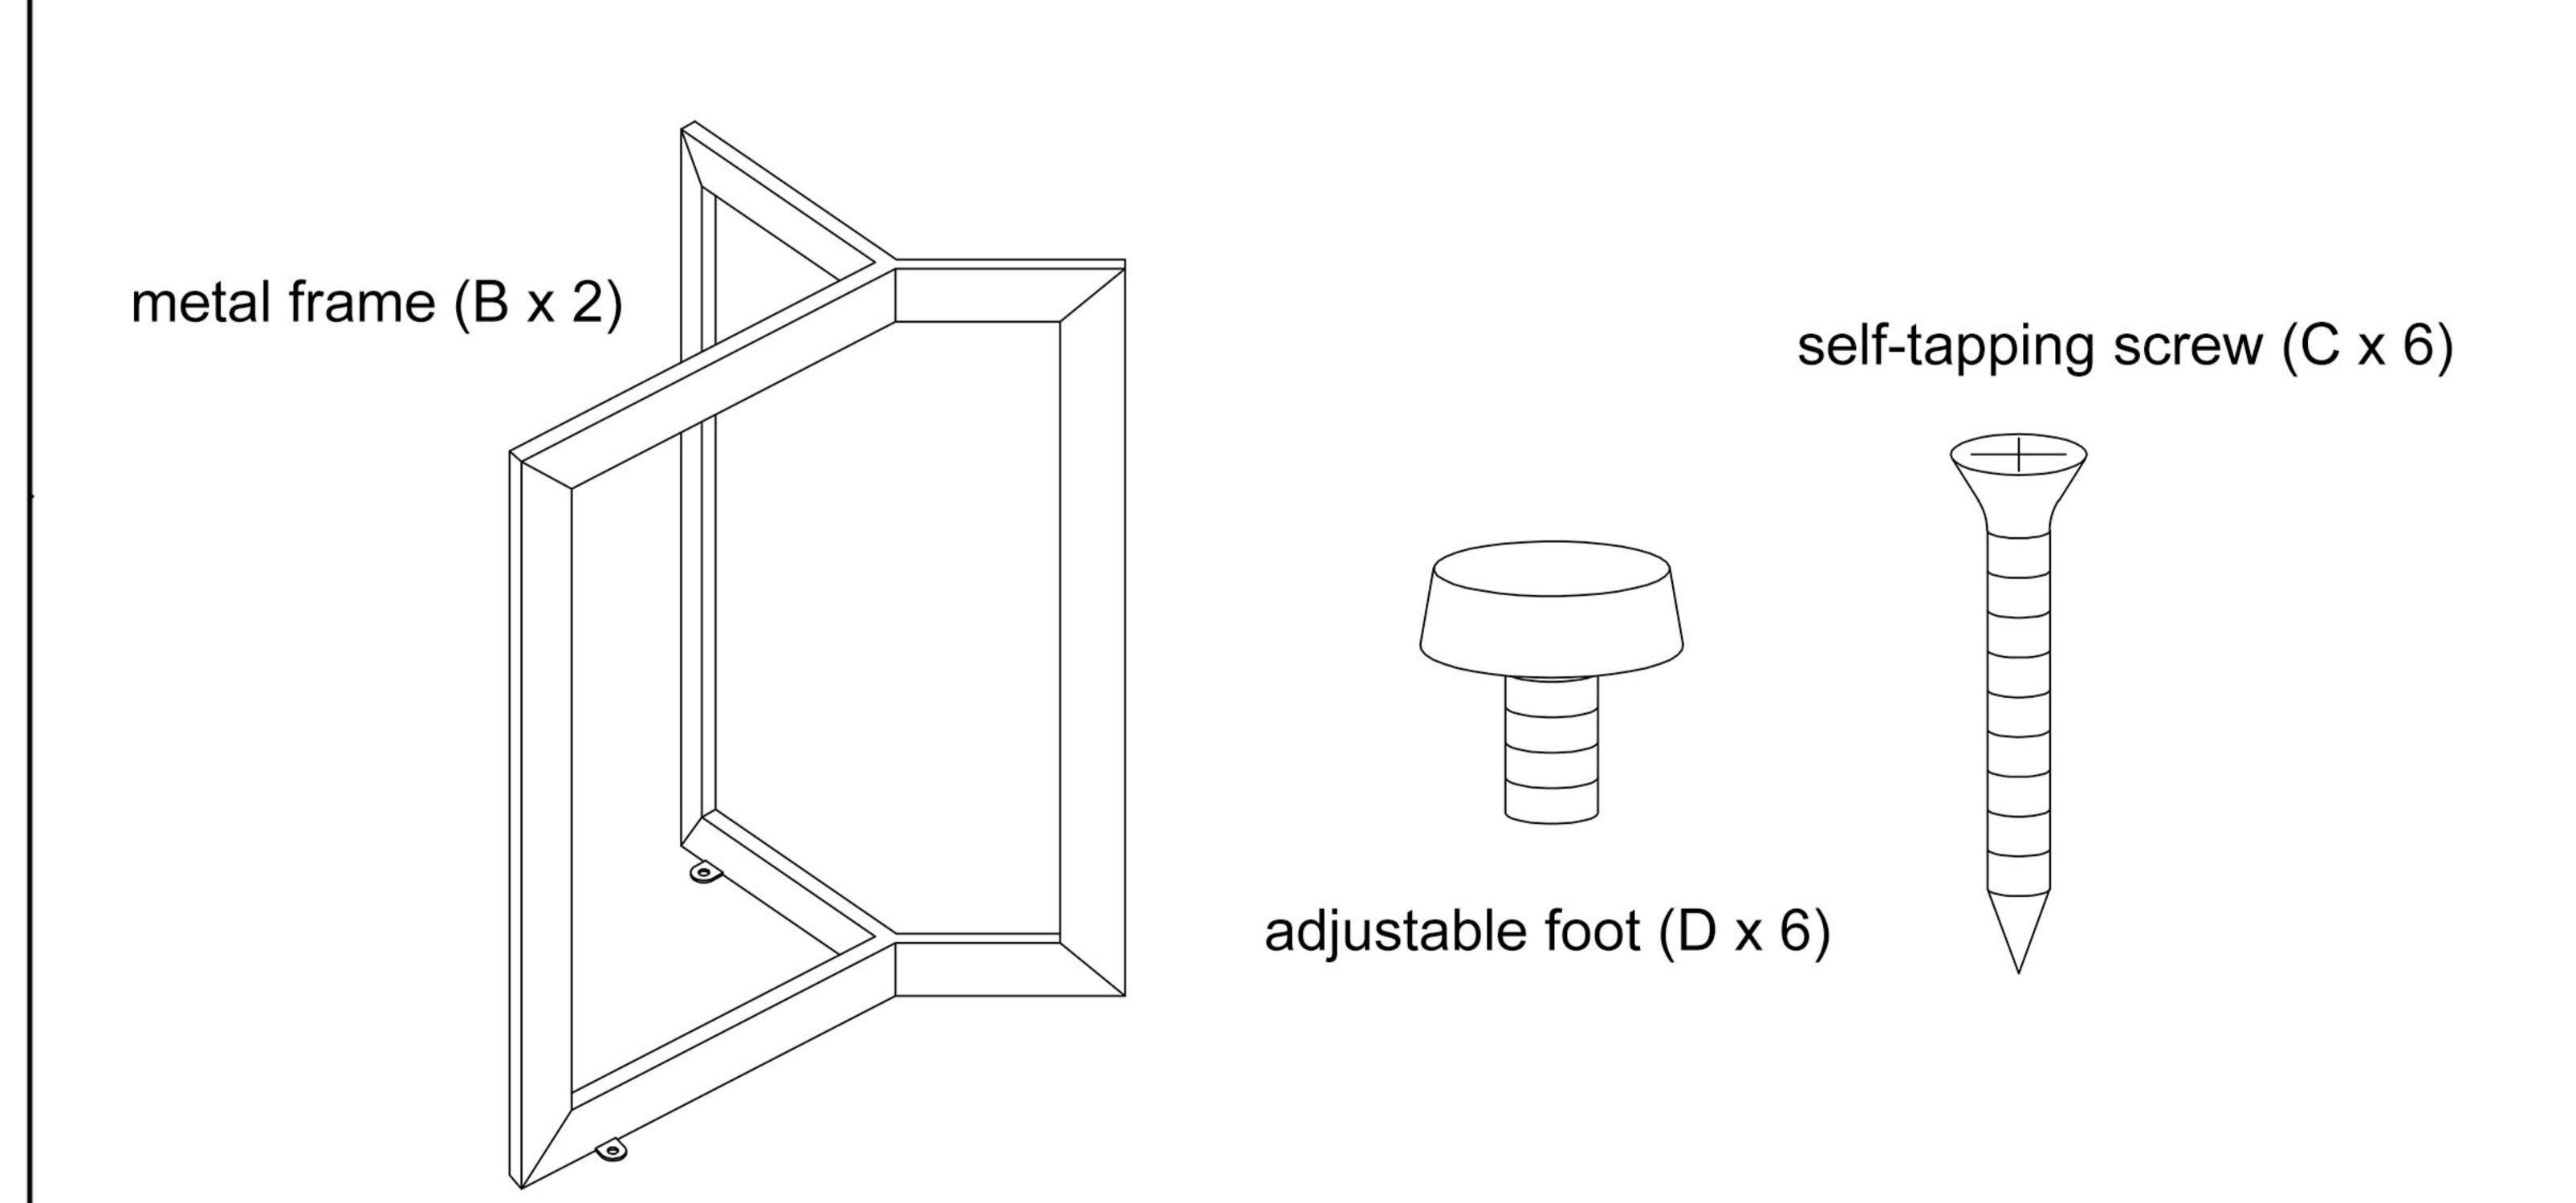

- 1. Do not throw away packing materials until assembly is complete for small parts may come loose inside the carton during shipment. If parts are missing, please contact us.
- 2. Assemble this item on a soft surface, such as carpet to protect the finish.
- 3. Proper assembly of this item requires 2 people.
- 4. Periodically check to ensure that all connections are tight.
- 5. It is recommended that installation of the product be done by a qualified licensed furniture assembler.

Care and Cleaning

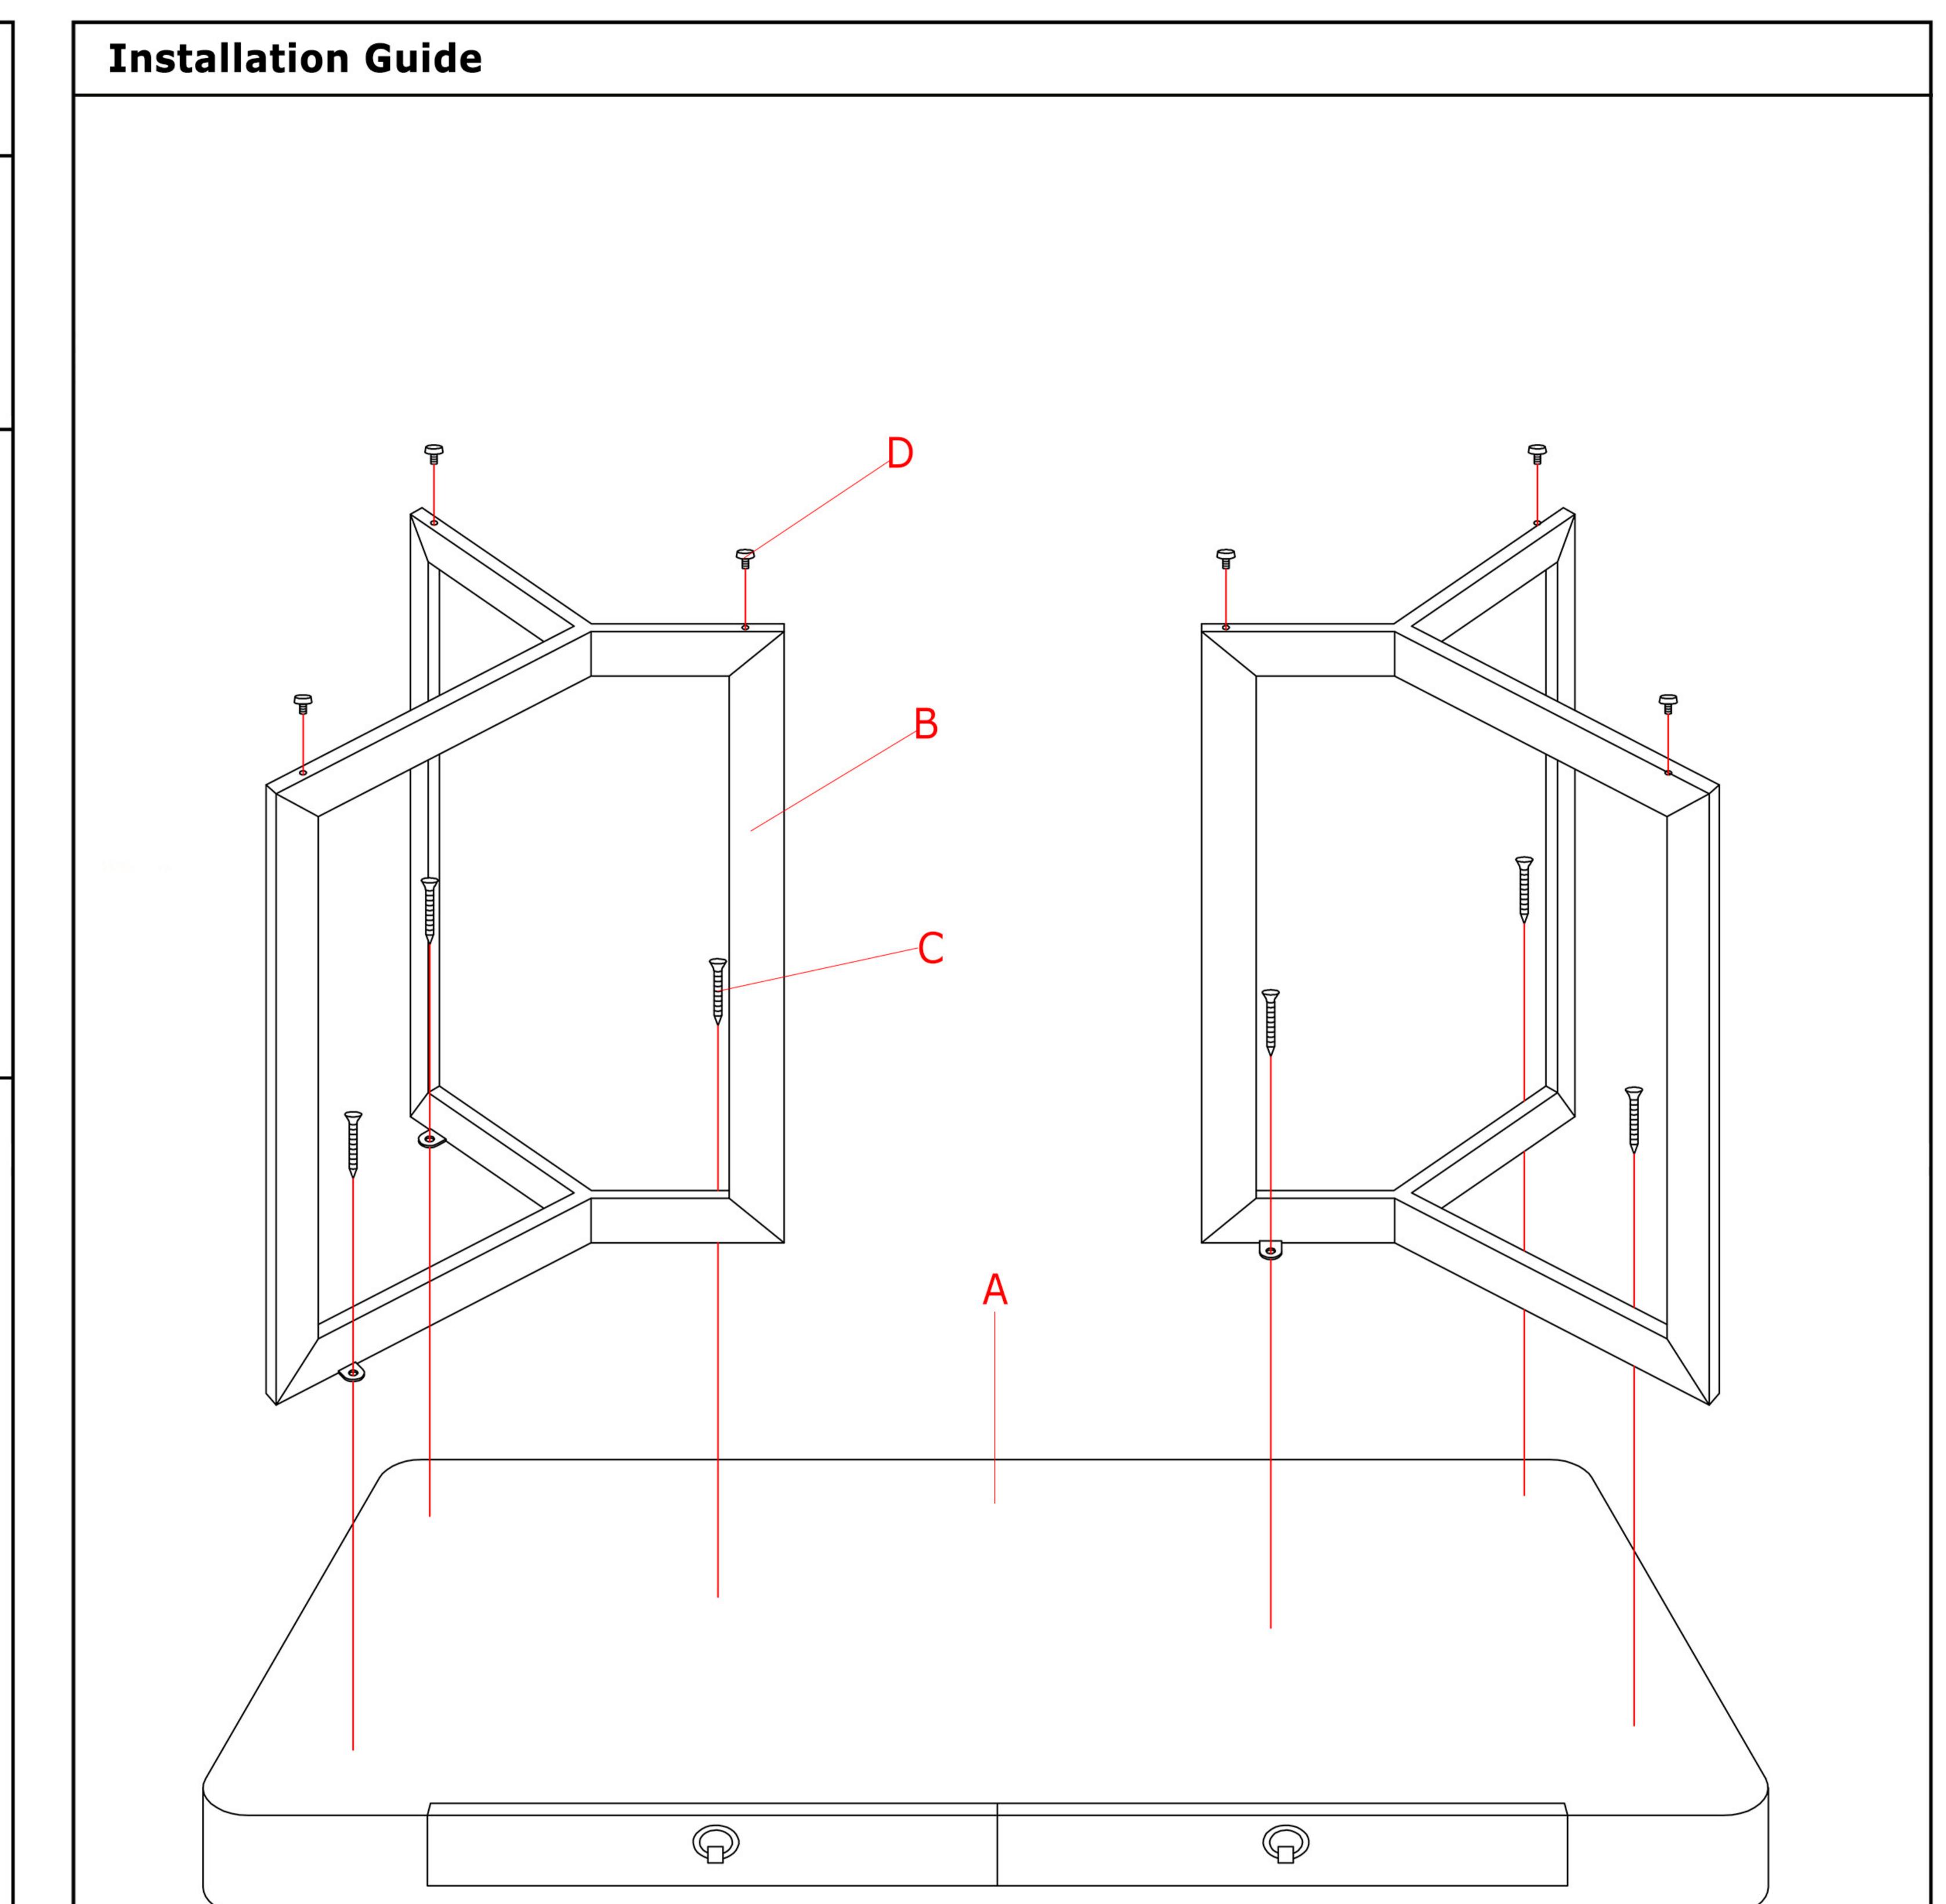

- 1. To protect the finish, avoid use chemicals and household cleaners.
- 2. All hot serving dishes should be placed on a pad.
- 3. Any liquid spilled onto the top should be cleaned up immediately with a damp cloth.

Parts List

Note: Do not fully tighten all bolts until all parts are in place. Failure to follow these instructions may cause the bolt to misalign during assembly.

1. Put the desk board (A) upside down and align the holes on the board with those on the metal frame (B), and then fix the metal frame to the desk board by screwing the self-tapping screws (C) with a percussion driller or a screw driver (both not included). Install the adjustable feet (D) into the bottoms of the metal frame. Stand the desk on the metal frame.
