

Installation Guide

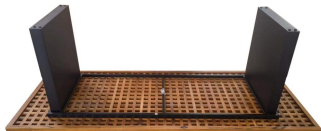

Step 1: Have all accessories ready, including all screw accessories, as the picture shows.

Step 2: Straighten the table legs, and fix the connecting rod of the table frame with screws.

Step 3: Tighten the screws after installation.

Step 4: Put the solid wood table top on the floor (be careful to scratch the table top), and install the self-tapping.

Step 5: Secure all self-tapping threads as shown.

Step 6: Once installed, it can be used in reverse.
