Introduction and Acknowledgements	iv
Multivariate data sets	1
Statistical enquiry cycle	1
Exercise A: Statistical variables and questions	2
Data	5
Exercise B: Cleaning data	6
Analysis	7
The five summary statistics	7
Exercise C: Summary statistics	8
Analysis – displaying data	10
Exercise D: Dot plots	11
Exercise E: Pie graphs, bar graphs and histograms	14
Exercise F: Stem-and-leaf plots	16
Exercise G: Box-and-whisker plots	19
Distribution of a sample using dot plots with box-and-whisker plots	20
Exercise H: Distribution of a sample using dot plots and box-and-whisker plots	21
Samples and populations	24
Exercise I: Comparing dot plots and box-and-whisker plots of two samples	26
Inference – making the call	31
Exercise J: Inference – making the call	32
Reporting the results of a statistical investigation	36
Exercise K: Statistical reporting	36
Practice assessment task	40
Answers	45
