Introduction

Externally assessed Achievement Standards	iv
Using this workbook	iv
Preparation for the externally assessed NCEA Level 1 Assessments	v
Grade Score Marking.....	vi
Resources for the externally assessed Achievement Standards	vi
Periodic table of the elements	vii
Chemistry terms and definitions	viii

Achievement Standard 90932 (Chemistry 1.3)

Externally assessed, 4 credits

Demonstrate understanding of aspects of carbon chemistry.....	1
---	---

Achievement Standard 90933 (Chemistry 1.4)

Externally assessed, 4 credits

Demonstrate understanding of aspects of selected elements	25
---	----

Achievement Standard 90934 (Chemistry 1.5)

Externally assessed, 4 credits

Demonstrate understanding of aspects of chemical reactions.....	57
---	----

Achievement Standard 90944 (Science 1.5)

Externally assessed, 4 credits

Demonstrate understanding of aspects of acids and bases.....	85
--	----

Answers and explanations

Achievement Standard 90932 (Chemistry 1.3)	107
Achievement Standard 90933 (Chemistry 1.4)	111
Achievement Standard 90934 (Chemistry 1.5)	115
Achievement Standard 90944 (Science 1.5).....	120
