

# Contents

## NZQA Scholarship examinations

Introduction .....	iv
Scholarship Calculus .....	vi

## Chapter 1

### Patterns and relationships

1.1 Conic sections .....	1
1.2 Graphs of functions .....	15
1.3 Networks, factorials and sequences .....	27

## Chapter 2

### Equations and expressions

2.1 Trigonometric identities and equations .....	37
2.2 Non-linear expressions and equations .....	47
2.3 Systems of simultaneous equations .....	54
2.4 Complex numbers .....	62

## Chapter 3

### Calculus

3.1 Differentiation techniques and applications .....	75
3.2 Sketching graphs and identifying their features .....	89
3.3 Integration techniques and areas under curves .....	98
3.4 Rates of change and differential equations .....	109

## Answers and explanations

### Chapter 1

Conic sections .....	117
Graphs of functions .....	119
Networks, factorials and sequences .....	123

### Chapter 2

Trigonometric identities and equations .....	126
Non-linear expressions and equations .....	128
Systems of simultaneous equations .....	130
Complex numbers .....	132

### Chapter 3

Differentiation techniques and applications .....	135
Sketching graphs and identifying their features .....	138
Integration techniques and areas under curves .....	140
Rates of change and differential equations .....	142

Formulae and tables .....	145
