LearnWell

As we mentioned on our last Trade Mailbox, Change is in the air! You will start to notice some changes moving forward. As you are aware ESA was purchased by Open Polytechnic in 2016.

For the past few years we have been working along side our digital partners iQualify for Schools. It's time for us to now come together under one name. Introducing LearnWell. Launching Monday 25th of July.

LearnWell brings together two great educational resource publishers. ESA providing our quality print educational resources for teachers and learners, while iQualify for Schools brings expertise in developing online learning resources for students.

It's business as usual for now but you will start to see our beautiful new LearnWell Logo pop up on the covers of new editions. In the near future there will also be new LearnWell titles.

Upcoming Price Change – 1 July 2022

Due to inflation and the ever-increasing cost of printing and overheads, we have made the decision to increase our prices by approximately 5% effective 1 July 2022. Our last price increase was in 2014 and we have managed to hold off increasing our prices during the past few years during the pandemic, but unfortunately we cannot continue to absorb these costs much longer.

This increase will allow us to continue providing premium educational resources to teachers, tutors, parents and students. We value your business and as always appreciate your support.

The new prices will be reflected in the July Trade Mailbox.

If you require a detailed price spreadsheet, please email us.

We have also been notified our freight prices are increasing so you may notice a small increase in freight costs too. Remember if you order 10+ Books your order is Freight Free.
