

Sterling Silver Gifts

OUR STORY

Krysaliis started off in 2010 as a brand and manufacturer of sterling silver baby gifts selling on krysaliis.com. After a positive response on our products, we moved to selling on multiple online platforms. From Amazon to Wayfair and events with Zulily, today Krysaliis has broadened its market to Mens and Home Gifts in sterling silver and silver plate. Krysaliis is now available as a vendor to Amazon along with selling on platforms like - Walmart, Sears, Houzz, Wayfair, American Outlets to name a few. Online retailers like Silver Gallery and Silver Superstore are also carrying our collection. We continue to grow our line of products and broaden our reach to more audiences.

OUR MISSION

Our mission is to make gifting a valuable yet affordable experience. A gift in silver is not only appreciated, but functional and taken down generations. We believe in delivering the finest quality at the most competitive prices for any occasion. Our products are all engravable adding value to a gift for a lifetime. Understated elegance, refinement, grace and a taste for innovation, renewal and asymmetrical design... Together, these define the Krysaliis Collection!

OUR PROCESS

We use the most up to date method of production. All our products are manufactured by Italian machinery from start to finish. Trained by the Italian team of production, our technicians undergo bi-annual training. The process is so precise that every piece looks the same, weighs the same and turns out the same - PERFECT.

PACKAGING

Krysaliis products come packaged in superior silver gift boxes with a ribbon. We provide authenticity cards for all our products and flannel pouches to store the product. Simple and elegant packaging adds to the exclusivity of the product. An experience of gifting, is what we believe in creating!
